Email: buildingclerk@ci.warrenton.or.us

Moisture content must be certified and this form signed and returned to City of Warrenton Building Department prior to calling for your insulation inspection per ORSC, Section 109.1.4.1.

I, _____, am the general contractor or the owner/builder at the following address:

Street address: _____

City: _____

Permit number: _____

If applicable:

Subdivision/Lot: _____ and/or map and tax lot: _____

To conform with the Oregon Residential Specialty Code (ORSC), Section R318.2, I am notifying the building official that I am aware of the moisture content requirement of ORSC Section R318.2 and have taken steps to meet this code requirement.

[Section R318.2 is provided for reference.]

Section R318.2 Moisture content. Prior to issuance of the insulation/vapor barrier approval required by R109.1.5.2 of this code:

- (A) All moisture-sensitive wood framing members used in construction shall have a moisture content of not more than 19 percent of the weight of dry wood framing members.
- (B) The general contractor or the owner who was issued the structural permit shall notify the building official on a division-approved form that the contractor or the owner who was issued the structural permit is aware of and has taken steps to meet the requirement in paragraph (A).

Signature: _____

Date: _____
