What is your interest in applying for this position?

I care about our community, the history of the city, as well as playing a role in the future of the city. It is a challenge bringing "Old and New" together to agree on short and long term visions for a city. I would like to be involved in that in Warrenton.

What experience or qualifications do you have for this position?

I am the current Chair of the Planning Commission and have served on this commission for over 10 years. I was Chair of the Warrenton Business Association and have served on the board of Spruce Up Warrenton. I have volunteered and been involved in numerous events and activities over the past 25 years in Warrenton. I have 25 years experience in Governmental Accounting.

What is your educational background?

Bachelor of Arts in Business Administration from Western Colorado University
Masters of Business Administration from St. Leo University

What is your vision for the City of Warrenton?

I envision Warrenton growing responsibly. Welcoming the obvious needed responsible growth while preserving our history.

What are the greatest challenges to the City of Warrenton?

Aging Infrastructure.

An aging population. As our working population ages and retires how do we attract a younger workforce?

Outside influences to our community growth and vision. (Examples: FEMA flood zoning or State mandates on housing zoning.)
