

City of Warrenton City Commission

Agenda

City Hall, 225 S. Main Warrenton, OR 97146
Tuesday, June 10, 2025

The meeting will be broadcast via Zoom at the following link

<https://us02web.zoom.us/j/5332386326?pwd=VHNVVXU5blkxbDZ2YmxlSWpha0dhUT09#success>

Meeting ID: 533 238 6326 | Passcode: 12345 | Dial-in Number: 253-215-8782

Public Comment: To provide public comment, participants should register prior to the meeting. All remarks will be addressed to the whole City Commission and limited to 3 minutes per person. The Commission reserves the right to delay any action, if required, until such time as they are fully informed on a matter. Once your public comment is submitted it becomes part of permanent public record.

You may provide public comment using the following methods:

1. In-person: Complete a public comment card and submit to the City Recorder prior to the start of the meeting.
 2. Via Zoom: Register with the City Recorder, at cityrecorder@warrentonoregon.us no later than 3pm the day of the meeting. Please ensure that your zoom name matches the name registered to comment.
 3. Written comments: Submit via e-mail to the City Recorder, at cityrecorder@warrentonoregon.us, no later than 3:00 p.m. the day of the meeting.

City of Warrenton City Commission Minutes

City Hall, 225 S. Main Warrenton, OR 97146

Tuesday, May 27, 2025

1. City Commission meeting called to order at 6:00 pm.
2. Pledge of Allegiance

Commission Members	Present	Excused
Gerald Poe	X	
Jessica Sollaccio (via Zoom)	X	
Tom Dyer	X	
Paul Mitchell	X	
Henry Balensifer, Mayor	X	

Staff Members Present	
City Manager Esther Moberg	City Recorder Dawne Shaw
Police Chief Mathew Workman	Public Works Director Kevin Gorman
Public Works Operations Manager Rock Haglund	Finance Director Jessica Barrett

3. Employee Recognition

Mayor Balensifer presented Sergeant James Pierce with a plaque of appreciation. He noted his retirement and provided a few comments. Commissioner Dyer and Commissioner Mitchell provided comments as well.

4. Consent Calendar

*Items on the Consent Calendar have previously been discussed and/or are considered routine. Approval of the Consent Calendar requires a motion, a second, and no discussion, unless requested by a member of the City Commission.

- A. City Commission Meeting Minutes 2025.05.13
- B. Police Department Monthly Report – April 2025

Motion:	Move to approve the consent calendar as presented.				
Moved:	Mitchell				
Seconded:	Poe	Aye	Nay	Abstain	Recused
Vote:	Poe	X			
	Dyer	X			
	Sollaccio	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

5. Commissioner Reports

Commissioner Mitchell noted he has been working with Spruce Up Warrenton and noted their guidelines for the 4th of July parade, and suggested it is the commission that should put forth the guidelines for the 2026 parade as it is a city event. He also noted the safety concerns on the corners; brief discussion followed. It was noted that the city cannot limit free speech, and the best approach is to note it is a family friendly event.

Mayor Balensifer provided an update on Oregonians for floodplain protection noting it has begun settlement negotiations with FEMA.

6. Public Comment – None

7. Public Hearings – None

8. Business Items

A. Consideration of Wastewater Treatment Plant Pre-Design Contract:

Shawn Spargo of Kennedy Jenks gave a presentation and discussed the pre-design plan for the wastewater treatment plant. Discussion followed on the projected budget. Public Works Director Kevin Gorman noted a correction to the motion.

Motion:	Move to authorize the Mayors signature to execute the agreement with Kennedy Jenks Consultants for Phase 1 engineering services for the Wastewater Treatment Plant.				
Moved:	Poe				
Seconded:	Dyer	Aye	Nay	Abstain	Recused
Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

B. Consideration of Low Pressure Sewer Policy:

Gorman reviewed the proposed updates to the Low-Pressure Sewer System homeowner packet and policy. He noted they are switching the suggested grinder pump, since the original manufacturer has gone out of business. Commissioner Dyer asked if the property owner can use a different pump if it meets the standards and noted concerns about the wording of the policy. Discussion continued. Public Works Operations Manager Rock Haglund noted this is not a mandate, this is only a change to the pump name and is a suggestion. Consensus was to change the language to “meets or exceeds pump standards.”

Motion:	Move to approve the amended Low-Pressure Sewer System homeowner packet and policy to reflect the city’s new equipment standard and verbiage and to revisit the policy before end of year.				
Moved:	Poe				
Seconded:	Dyer	Aye	Nay	Abstain	Recused

Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

C. Consideration of Iredale Culvert Replacement Project – Request for Bids:

Gorman requested the authorization to advertise for construction bids for the Iredale Tide Gate and Culvert Replacement Project. He outlined the critical nature of this project. Brief discussion followed.

Motion:	Move to authorize the advertisement for construction bids for the Iredale Culvert Replacement Project.				
Moved:	Dyer				
Seconded:	Poe	Aye	Nay	Abstain	Recused
Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

D. Consideration of Water Rates Adjustment – Resolution No. 2701:

Gorman presented Resolution No. 2701; adopting a 4% rate increase in water department rates and fees, as approved by the Warrenton Budget Committee.

Motion:	Move to conduct the first reading by title only, of Resolution No. 2701.				
Moved:	Dyer				
Seconded:	Poe	Aye	Nay	Abstain	Recused
Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

Mayor Balensifer conducted the first reading, by title only, of Resolution No. 2701; Adopting Water Department Rates and Fees, Establishing July 1, 2025 as the Effective Date and Repealing all Other Resolutions in Conflict.

E. Consideration of Sewer Rate Adjustment – Resolution No. 2702:

Gorman presented Resolution No. 2702; adopting an 8% rate increase in sewer rates, as approved by the Warrenton Budget Committee.

Motion:	Move to conduct the first reading by title only, of Resolution No. 2702.				
Moved:	Poe				
Seconded:	Dyer	Aye	Nay	Abstain	Recused
Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

Mayor Balensifer conducted the first reading, by title only, of Resolution No. 2702; Adopting Sewer Department Monthly Rates, Establishing July 1, 2025, as the Effective Date and Repealing all Other Resolutions in Conflict.

F. Consideration of Recycling Rate Adjustment – Resolution No. 2703:

Gorman presented Resolution No. 2703; adopting new rates for residential recycling services, as approved by the Warrenton Budget Committee. He noted this is a pass through from Recology. Mayor Balensifer asked about the garbage services and rates; Moberg noted the city is hiring an outside agency to do a rate study.

Motion:	Move to conduct the first reading by title only, of Resolution No. 2703.				
Moved:	Dyer				
Seconded:	Poe	Aye	Nay	Abstain	Recused
Vote:	Sollaccio	X			
	Dyer	X			
	Poe	X			
	Mitchell	X			
	Balensifer	X			
Passed:	5/0				

Mayor Balensifer conducted the first reading, by title only, of Resolution No. 2703; Adopting New Rates for Recycling Services, Establishing July 1, 2025, as the Effective Date and Repealing all Other Resolutions in Conflict.

9. Discussion items – None

10. Good of the Order – None

11. Executive Session

At 6:56 pm, Mayor Balensifer announced the Commission will meet in Executive Session *Under the authority of ORS 192.660(2)(e); to conduct deliberations with persons designated by the governing body to negotiate real property transactions.*

12. Adjournment

At 7:12 pm, Mayor Balenisfer reconvened the meeting, and noting no further business, adjourned the meeting.

Respectfully prepared and submitted by Hanna Bentley, Deputy City Recorder.

Approved:

Attest:

City of Warrenton City Commission
Work Session Minutes
 City Hall, 225 S. Main Warrenton, OR 97146
 Tuesday, May 27, 2025

City Commission work session called to order at 5:20 pm.

Commission Members	Present	Excused
Gerald Poe	X	
Jessica Sollaccio (via Zoom)	X	
Tom Dyer	X	
Paul Mitchell	X	
Henry Balensifer, Mayor	X	

Staff Members Present	
City Manager Esther Moberg	City Recorder Dawne Shaw
Fire Chief Brian Alsbury	Finance Director Jessica Barrett
Police Chief Mathew Workman	

City Manager Moberg noted the past discussion on safety fees. Chief Alsbury noted the agenda memo and noted the numbers outlined in the memo. He reviewed the difference between the franchise fees and the public safety fees.

Discussion followed on current franchise fees. There was discussion on how to assess / determine the fees. Mayor Balensifer noted he is not interested in adding a public safety fee onto residential customers but is inclined to add it to commercial customers. The discussion continued and there was suggestion of a "ladder truck fee" for large commercial customers, and discussion on the fire department's cost recovery.

Consensus was to focus the fees on the commercial side. Chief Alsbury will work up a few options to bring back.

At 5:54 pm, Mayor Balensifer adjourned the work session.

Vote:	Bello	X			
	Stranding	X			
	Snell	X			
	Little	X			
Passed:	4/0				

3. Reports

Finance Director, Jessica Barrett, provided a summary of proceeds from the Breakfast with Santa event on December 8th. It was noted donations were down slightly. Jessica mentioned that because a tally sheet was not provided for the breakfast it was difficult to differentiate proceeds from breakfast tickets vs. raffle tickets. A tally sheet will be provided for future breakfasts.

Jessica showed the board the new formatting for City Board Meeting Agendas and Minutes. She will email the template to board members. She also mentioned that the board should look at their bylaws in the next few months and consider updating.

4. Public Comment

None

5. Business Items

A. Agenda Item Name: Report on Breakfast with Santa

Little commented that donation letters went out earlier than in prior years and that may be why donations are down. Chair Little noted that they did not run out of anything and the supplies provided were adequate.

B. Agenda Item Name: Breakfast with the Easter Bunny

Breakfast with the East Bunny will be held on Sunday, April 6th with set up for the event to be done on Saturday, April 5th at 9am. Discussion followed explaining the event and what all set up entails to the new board members. Board member Snell noted she has a volunteer to be the Easter Bunny.

6. Discussion Items

None

7. Adjournment

There being no further business, Chair Little adjourned the meeting at 5:02pm.

4. Public Comment

No formal public comment

5. Discussion Items

- A. Change the time of our meeting on the third Wednesday from 4pm to 4:30pm
- B. Breakfast with The Easter Bunny 8am -11am
- C. We are removing the eggs from breakfast due to the high cost. We will be serving pancakes, sausage, orange juice, coffee, water. Eggs would cost approx. \$671.00 for 65 dozen
- D. We don't have students helping at this point. Penny said she has three additional people coming to help at breakfast.
- E. Avery will be our Bunny, Carla will run the entry table
- F. Penny is getting the raffle together
- G. Carol has made 120 goodie bags for the kids

Lorna stated she will not be able to help at breakfast any longer, but she will come in the morning to train someone.

Lorna brought up the issue of the cleanliness of the kitchen at the community center. Debbie stated she would put a recommendation into the City for a quarterly deep clean of the kitchen

6. Adjournment

There being no further business, Chair Little adjourned the meeting at pm.

City Commission Agenda Memo

Meeting Date: June 10, 2025
 From: Jessica Barrett, Finance Director
 Subject: Public Hearing and consideration of Resolution No. 2704 Adopting the City of Warrenton FY 2025-2026 budget as approved by the Warrenton Budget Committee and levying taxes for municipal purposes of the City of Warrenton for the fiscal year commencing July 1, 2025 and ending June 30, 2026.

Summary:

The Warrenton Budget Committee met in one session on May 10, 2025 to review and deliberate on the proposed fiscal year 2025-2026 City of Warrenton Budget.

The next phase of the budget process is for the City Commission to undergo a public hearing to receive public testimony on the budget approved by the Warrenton Budget Committee. Once the Commission has heard the public testimony, the Commission can then consider the adoption of the attached Budget Resolution.

The City Commission may note that, as the governing board, the Commission indeed possesses the authority to modify or change the approved budget, during this public hearing, within the following parameters:

1. Reduce the tax amount
2. Reduce expenditures with a corresponding reduction to resources
3. Increase expenditures, with a corresponding increase in resources, but not by more than \$5,000 or 10 percent of the total expenditures of the fund, whichever is greater.

For example: If total expenditures, in the fund, as approved by the budget committee equal \$150,000, then, the Commission may increase expenditures by \$15,000 in that fund, on a per fund basis.

Changes beyond the scope of the above parameters require another public notice and subsequent public hearing.

Recommendation/Suggested Motion:

The City Commission shall conduct a public hearing on the City of Warrenton budget for fiscal year 2025-2026 as approved by the Warrenton Budget Committee. Then, the City Commission may move

to adopt the *City of Warrenton FY 2025-2026 Budget* as approved by the Warrenton Budget Committee as set forth in Resolution No. 2704.

Alternative:

The Commission may make changes as noted above. Please know that in order to conduct business and provide government services on July 1, 2025, an adopted budget must be in place by June 30, 2025.

Fiscal Impact:

The City budget includes total appropriations among all departments and funds totaling \$46,406,191 for the fiscal year ending June 30, 2025.

- Resolution 2704
- City of Warrenton Approved fiscal year 2025-2026 Budget

Approved by City Manager:

Budget Committee Action

Final Approval of the FY 2025-2026 Budget Document

Approval of the FY 2025-2026 proposed Budget Document, including amendments, by the Warrenton Budget Committee and submitting the approved Budget to the City Commission and recommending adoption.

WHEREAS, pursuant to Oregon budget law, and after careful consideration, Warrenton's Budget Committee has comprised and approved a balanced Budget for the City of Warrenton for FY 2025-2026;

WHEREAS, the proposed FY 2025-2026 Budget contains best estimates for projected revenues and expenditures; and

WHEREAS, the Budget Committee has reviewed all estimated revenues and expenditures, for all City Departments and funds, for FY 2025-2026, making modifications and changes where appropriate.

THEREFORE, THE WARRENTON BUDGET COMMITTEE, has approved and authorized the City to levy the permanent rate of \$1.6701 per-thousand of assessed value for the General Fund: to levy \$0.34 per thousand of assessed value for the Police Local Option Levy: to levy \$0.33 for the Library Local Option Levy: to levy the amount of \$592,538 for bonded debt for the wastewater treatment facility.

After completing all obligations required under Oregon Budget Law, the Warrenton Budget Committee hereby approves the *FY 2025-2026 Proposed Budget, as amended*, comprised of revenues and expenditures for all City funds and departments and submits the *Approved FY 2025-2026 Budget* to the City Commission for further consideration and recommended adoption.

APPROVED BY THE BUDGET COMMITTEE ON THIS 10 DAY OF MAY 2025.

Budget Committee Chair

Budget Committee Vice-Chair

RESOLUTION NO. 2704

Introduced by All Commissioners

ADOPTING THE 2025-2026 BUDGET

AS APPROVED, SUBMITTED AND ACTED UPON BY THE LEVYING BOARD AND BUDGET COMMITTEE OF THE CITY OF WARRENTON, MAKING APPROPRIATIONS AND LEVYING TAXES FOR MUNICIPAL PURPOSES OF THE CITY OF WARRENTON FOR THE FISCAL YEAR COMMENCING JULY 1, 2025 AND ENDING JUNE 30, 2026

The City of Warrenton hereby does resolve as follows:

Section 1. Be it resolved that the Warrenton City Commission, for the City of Warrenton, hereby adopts the budget approved by the budget committee for the 2025-2026 fiscal year, in the total sum of \$74,161,5059 now on file at City Hall

BUDGET MESSAGE

May 10, 2025

Dear Budget Committee Members:

Enclosed is the proposed budget for the City of Warrenton Fiscal Year (FY) 2025-2026.

The purpose of the Budget Message, and the budget document, is to provide sufficient information to the Budget Committee, the City Commission, and residents so that an understanding of the proposed budget for the coming fiscal year may be gained.

The proposed budget was developed pursuant to state statute, City of Warrenton Fiscal Policy, Budget Development Policies, and the Budget Strategic Plan & Resource Reduction Policy. The information contained in the proposed budget represents the City staff's best estimates of resources and expenditure. These were obtained using professional judgment, existing policies, budget history, and generally accepted accounting practices.

This Budget Message is presented in six sections: Introduction, Budget Committee, Budget Officer, Budget Format, Summary, and Conclusion.

INTRODUCTION

The City provides a wide range of services to its residents and businesses. Departments of the City include Administration, Building & Planning, City Recorder, Finance, Fire, Library, Marina, Municipal Court, Police, and Public Works. The annual City budget is a spending plan and guide for the City of Warrenton subject to statutory restrictions.

The budget includes a comprehensive listing of anticipated revenues and proposed expenditures for each function of the local government during the next fiscal year that begins July 1, 2025, and ends June 30, 2026.

Past Projects 2024-2025

In the past fiscal year, there were many significant projects accomplished. The City completed widening the 9th and Main intersection to start the Safe Routes to School Main Avenue project. The City's goal in the next two years is to have sidewalks on the west side of Main Avenue all the way from 9th to the high school. Thanks to grants from ODOT and federal earmarks for Safe Routes

to School this should be completed by end of 2027. The Public Works building received a new roof in 2024. Public Works also completed the design phase of the Hammond waterline project to update the undersized pipe. The Library completed its strategic plan. The Fire department repoured the cement apron of the Hammond fire station. The Fire Department also received a Type 6 Brush Engine from the Oregon State Fire Marshals Office. In the Marinas, over 300 linear feet of dock was repaired or rebuilt in 2024. Phase one of the Levee Certification, which was an interior drainage study, was also completed in 2024.

Current Projects 2025-2026

In the upcoming budget year (2025-2026) we will be working on phase #2 of Safe Routes to School, a 3.36 million dollars grant funded project from ODOT as well as a federal earmark. This project will be in process throughout 2025-2027. The City's biggest project over the next three years will be a new Membrane Bioreactor (MBR) Wastewater Treatment plant. It is anticipated this \$35 million project will be in design phase throughout 2025 and into 2026, with breaking ground middle to end of 2026. This project will have a \$12.5 million-dollar General Obligation Bond as approved by the voters in 2024. Other anticipated projects in the upcoming fiscal year include the Iredale Culvert Project, Erosion control at Seafarers Park and along the Hammond Marina Waterfront, and completion of a feasibility study for raw water storage at the Water Treatment plant.

The overall spending authority for the proposed FY 2025-2026 Budget is \$46,4046,191.

Revenues across all funds are estimated to increase by approximately \$6.2 million. This is due to increases in estimated beginning fund balances in some funds, the delay of several projects in the current year, transfers between funds, increased interest earnings, loan proceeds and a conservative budget approach last year.

We are proposing an increase of 4% in water rates and an 8% rate increase for sewer and storm sewer as we try to plan for increases for materials, staffing, and infrastructure projects. With an anticipated new Wastewater Treatment Plant projected to cost around \$35 million dollars and a \$1.5 million dollar Water Reservoir ahead of us, as well as other significant infrastructure projects in the coming years, we must adequately prepare for significant debt and cost to upgrade our aging sewer plant and water infrastructures. At the end of fiscal year 2024-2025 we anticipate having approximately \$6.1 million dollars reserved for the upcoming Wastewater Treatment Plant Capital Project.

In this budget year we are planning for a new position of Code Enforcement Officer to be added to our police department. The City will have a total of 64.05 FTE employees.

BUDGET COMMITTEE

The City of Warrenton Budget Committee consists of the City Commissioners (the governing body) and an equal number of residents appointed by the City Commission for a total of ten committee members. An appointed committee member must be qualified to vote in elections within the City. Neither the Budget Officer nor any member of city staff is eligible to serve as an appointed member of the budget committee. Appointed committee members serve on the

committee for three-year terms. Reappointments for additional three-year terms are permitted. By staggering appointments to the committee, only one-third of the appointed committee members complete their terms each year.

The Budget Committee formally approves the entire budget as proposed or modified and affirms the tax levy amount or rate for the City. The Warrenton City Commission has the final responsibility for allocating the resources of the budget.

BUDGET OFFICER

State statute requires that a Budget Officer is appointed and that the Budget Officer present a balanced budget to the Budget Committee. Acting under the authority of Warrenton's City Charter, the City Commission has designated the City Manager as the City's Budget Officer.

Coordination of the Budgetary Process

This typically includes preparation of revenue projections and compilation of the expenditure requests from each of the City's departmental units. After a final proposed budget is prepared, it is presented to the City of Warrenton Budget Committee. Following review and possible modification, the committee adopts a motion to forward an approved budget to the City Commission with a recommendation to accept. The City Commission then reviews the approved budget as presented, conducts a public hearing, makes any desired modifications, and then passes a resolution to create an adopted budget. The adopted budget must be created prior to June 30, 2025.

BUDGET FORMAT

The following is a brief description of how the budget document is organized. Please refer to the Table of Contents for locating each of the items.

Located in the first portion of the budget document are pages showing the Budget Message, Budget Committee membership, and Budget Review Calendar. These are followed by a presentation of the Warrenton Fiscal Policy, Budget Development Policies, and the Budget Strategic Plan & Resource Reduction Plan.

Following these broad policy documents is a tabulation of Personnel Allocations, Full Time Equivalents (FTE), and Organizational Structure and Staffing. The Personnel Allocations and the FTE listings provide the number of employees budgeted in each individual department and salaries that are paid from more than one source. These two sources of information are provided to help the Budget Committee identify the personnel charges for each individual departmental unit within the budget document. Salaries include the cost of all benefits.

A summary of the requirements for the thirty-two active City funds that make up the proposed budget follows the personnel review.

A summary of interfund transfers among funds is detailed in the budget. This is an accounting function to delineate where the funds are actually being allocated and spent. This section summarizes transfers from the General Fund to other funds and Enterprise Operating Funds to Capital Reserve Funds.

A review of budget programs provides a brief summary of each program and changes, if any, proposed for the 2025-2026 budget.

A General Fund section displays Resources and Requirements, Summary of Revenues, Summary of Expenditures, General Fund expenses by Department (pie-chart), and Expenditures by Department. The individual expenditures by department sections look at each departmental unit over the last two complete years, the current budget year, and the adopted budget. The remaining individual funds are listed in the remaining portion of the proposed budget document. These include Special Revenue Funds, Enterprise Funds, Debt Service Funds, and Capital Projects Funds.

SUMMARY

Following is a brief review of the major elements of the proposed budget.

Property Tax

A three percent increase in the rate-constrained property tax collections has been applied in the proposed budget. The City's permanent tax rate is \$1.6701 per \$1,000 of assessed property valuation. The local option levy for police services was approved by voters on November 7, 2023, and is 34 cents per \$1,000 of assessed property valuation. That levy begins July 1, 2024, and runs through June 30, 2029. It is estimated the current police levy will raise \$278,009 this fiscal year. The current levy for the library is 33 cents per \$1,000. That levy began July 1, 2023, and runs through June 30, 2028.

Personnel Cost

The proposed budget includes a 2.6% cost of living wage increase beginning July 1, 2025, for all police union employees and non-union police staff and a 6% cost-of-living wage increase beginning July 1, 2025, for AFSCME union members. Non-union staff receive the same cost of living wage increase as the general bargaining unit.

Indirect Costs

The proposed budget incorporates governmental accounting principles that require municipalities to present to the public a clear picture of costs for each service provided. Over the past ten years the City has continued to use an indirect cost allocation plan. In the proposed budget, the City has consolidated all indirect costs to be allocated within the budget based on a percentage-of-spending methodology. The proposed budget indirect cost allocation plan is consistent with the adopted City fiscal policies, which provide that:

“Overhead/Indirect Cost Allocations All departments should budget the amount allocated to that department as determined by the Budget Officer and/or any future Indirect Cost Allocation Plan.

Full Cost Recovery The City will make every effort to assign costs where they occur through the use of interdepartmental/interfund charges and indirect cost assignments. The intent is to clearly define the actual cost of City services provided both internally and externally. Recognizing the scale of this effort, the first priority is the recovery of overhead costs from all funds and grant programs.

Accurate Representation of Service Costs As with General Fund services, the citizens of Warrenton have a right to understand the full and undistorted actual costs associated with City services. Consequently, it will be the policy of the City of Warrenton that all departmental, service, and program costs will reside in the fund and department in which the activity occurs and where the service and cost has been historically linked.

General Fund

The General Fund is the account with which general City operations are funded. It records expenditures needed to run the daily operations of the City such as wages, rent, and consumable materials. It also shows the money that is estimated to be available to pay for these general needs. The City anticipates an increase in General Fund resources and an increase in total expenditure. The City of Warrenton provides and maintains assorted services under the General Fund. A summary of the operating expenses for these services in the coming Fiscal Year compared with the current year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Municipal Court	\$212,822	\$225,980
Administration/Commission	\$1,596,972	\$1,771,635
Planning Services	\$444,512	\$471,051
Police Services	\$2,678,362	\$2,872,851
Fire & Emergency Medical Services	\$1,233,234	\$1,386,754
Parks	\$286,839	\$285,670
Contingency	\$614,332	\$640,195
Transfers	\$270,778	\$91,378

Enterprise Funds

An Enterprise Fund is the account with which special City operations are funded by user fees in a manner similar to a private business. Each Enterprise Fund records the resources and expenses of acquiring, operating, and maintaining a self-supporting facility or service, such as City Mooring Basins, the Water Utility, the Sewer (Wastewater) Utility, the Storm Sewer (Storm Water Management) Fund and the Sanitation Utility.

The financial health of the City Sewer Fund, Water Fund, and Storm Sewer Fund will determine the quality of services that will be available in the future. It is important that City enterprise funds be properly maintained, and efforts made to ensure that all costs are being captured. Recovering the actual costs associated with enterprise activities is crucial for sustaining the services.

The City of Warrenton maintains a number of enterprise funds. A summary of the operating expenses of these utilities in the coming Fiscal Year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Warrenton Marina Fund (010)	\$1,042,096	\$1,162,579
Hammond Marina Fund (011)	\$663,469	\$744,270
Water Fund (025)	\$8,203,880	\$8,726,307
Storm Sewer Fund (028)	\$2,483,391	\$2,305,560
Sewer (Wastewater) Fund (030)	\$5,653,933	\$5,693,607
Sanitation Fund (032)	\$1,632,337	\$1,704,380

Special Revenue Funds

A special revenue fund is an account with which specially designated city operations are funded by revenues specifically earmarked for such use. Each Fund accounts for money that must be used for a specific purpose, and it records the expenditures that are made for that purpose. Warrenton maintains a variety of special revenue funded services. A summary of the operating expenses of these funds in the coming fiscal year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Community Center Fund (005)	\$71,716	\$56,539
Warrenton Business License Fund (006)	\$77,038	\$105,208
Grant Fund (015)	\$74,117	\$88,953
Library Fund (020)	\$358,445	\$404,487
Building Department Fund (021)	\$481,132	\$447,909
Transient Room Tax Fund (024)	\$345,000	\$350,000
Facilities Maintenance Fund (035)	\$293,150	\$229,500
State Tax Street Fund (040)	\$5,715,225	\$3,265,710
Quincy Robinson Trust Fund (065)	\$284,000	\$316,000

Capital Reserve Funds

A Capital Reserve Fund is the account with which specially designated long term City projects, physical plant construction or equipment purchases costing more than \$5,000 are funded. Each fund accumulates money to pay for the service, project, property, or equipment planned for acquisition. Each function as a savings account. A resolution is needed to set up a reserve fund and it must have a specific purpose. After money is placed in a reserve fund it can only be spent for the specific purpose of the fund. Purchases are made directly out of the reserve fund and money cannot be transferred out of the reserve fund to another fund. Warrenton maintains a number of capital reserve funds. Funds that show \$0 means we are not appropriating money this fiscal year; it does not reflect the amount saved within that fund. A summary of the operating expenses of these funds in the coming fiscal year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Community Center Capital Reserve Fund (004)	\$30,000	\$30,000

Warrenton Marina Capital Reserve Fund (012)	\$310,000	\$275,000
Hammond Marina Capital Reserve Fund (013)	\$140,000	\$355,000
Water Systems Development Fund (026)	\$0	\$0
Water Fund Capital Reserve Fund (029)	\$6,712,800	\$6,519,691
Sewer Systems Development Fund (036)	\$0	\$0
Sewer Fund Capital Reserve Fund (038)	\$807,400	\$2,660,800
Storm Sewer Systems Development Fund (051)	\$0	\$0
Sanitation Fund Capital Reserve Fund (034)	\$50,700	\$463,400

Debt Service Funds

A Debt Service Fund is the account with which specially designated debt is retired by periodic or lump sum payments by the City. Each fund accounts for money that must be repaid on debt incurred by the City for specific purposes. Expenditures from the fund are normally the principal and interest payment(s) planned many years in advance. Money dedicated to repaying bonds cannot be used for any other purpose. Warrenton maintains one debt service fund for incurred debt. A summary of the planned expenses of this fund in the coming fiscal year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Wastewater Treatment GO Bond Fund (059)	\$556,495	\$553,876

Capital Projects Funds

A Capital Project Fund is the account with which specially designated capital projects costing more than \$5,000 are built or acquired. Each Fund accounts for money and expenses used to build or acquire individual capital facilities such as land or buildings. These funds are used only while a project is being done. The fund is closed after the project has been completed. Warrenton maintains a number of capital project funds for capital projects. A summary of the planned expenses of these funds in the coming fiscal year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Parks SDC Fund (003)	\$0	\$0
Streets SDC Fund (041)	\$0	\$0
Police Vehicle Replacement Fund (070)	\$150,000	\$170,000
Fire Apparatus & Equipment Replacement Fund (071)	\$30,000	\$1,694,743
Tansy Point Dock Capital Reserve Fund (072)	\$303,778	\$337,158

The six-year Capital Improvement Plan identifies projected capital needs and projections for each department. The purpose of this planning tool is to understand fully where the City is headed with its programs and to be able to plan long term for our needs, as well as understanding the impacts of each year's decisions.

Internal Service Funds

An Internal Service Fund is used to report activity that provides goods or services to other funds, departments, or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. The government must be the primary participant,

and the fund must function on an essentially break-even basis over time. The City began using one Internal Service Fund in 2015-2016. A summary of the planned expenses of this fund in the coming fiscal year follows:

	<u>2024-2025</u>	<u>2025-2026</u>
Engineering Internal Service Fund (042)	\$0	\$0

CONCLUSION

Finance Director Jessica Barrett and her staff dedicate many hours to the preparation of this document. Department Heads put together realistic yet conservative budgets. Again, staff did a fantastic job maintaining an extremely disciplined approach to operations over the last couple of years which has enabled us to add crucial positions and/or hours to provide appropriate service levels as Warrenton continues to grow.

I look forward to reviewing this proposed budget with you and working collaboratively to make the best funding decisions we can in order to continue advancing the future of Warrenton.

Respectfully submitted,

Esther Moberg
Budget Officer

Resolution Number - 2031

A Resolution Establishing a Fiscal Policy for the City of Warrenton

The City Commission of the City of Warrenton hereby resolves the following:

FISCAL POLICY

Section A. Revenue Policy

1. Revenue Policy. The cumulative increase of revenue from the levy of property tax will not exceed the maximum allowed under Oregon law and the Oregon Constitution.
2. SDC & Capital Connection Fees. Capital connection fees and/or System Development Charges will be established that reflects the cost of water and sewer improvements to service additional increments of growth. Capital connection fees and/or System Development Charges (SDC) will reflect a proportionate share of actual cost to be determined through a SDC methodology as provided for in the Oregon Revised Statutes. It will be the policy of the City of Warrenton to recover the appropriate capacity costs associated with new development and to minimize the cost of growth on existing utility users as much as possible.
3. Maximization of User Fees. It will be the policy of the City of Warrenton to maximize the utilization of user charges in lieu of ad valorem taxes for services that can be individually identified and where the costs are directly related to the level of service:
 - a. It will be the policy of the City to ensure that utility fees, user fees and user rates for water, sewer and all other fee supported services will be sufficient to finance all operating, capital and debt service costs associated with the service for which they are charged.
4. Discretionary Revenues. The City will seek to maximize all discretionary revenues in the General Fund as much as possible. Discretionary revenues include, but are not limited to, taxes, shared revenue, franchise fees and lease receipts.
5. Revenue Projections. The City will project General Fund revenues and expenditures for two years and will update the projections annually. The first revenue projections will be completed with one year of the adoption of this Resolution.

Section B. Budget Policy

1. Revenue will be sufficient to support current operating expenditures. Any reduction in services and programs will occur in accordance to the City's Resource Reduction Strategy (City Resolution 2033).
2. Debt or bond financing will not be used to finance current operating expenditures.
3. The City will strive to develop, over a period of time, the information needed to include performance measures in the City's budgeting process.

4. The City will coordinate all current risk management activities in order to better protect against loss and a reduction in exposure to liability.
5. The City will establish an equipment/vehicle replacement reserve fund to replace capital outlay items with a life of more than two years and a value of \$5,000 or more.
6. The City will seek a reasonable basis for allocating personal service costs.

Section C. Capital Improvement Policy

1. The City will prepare and adopt capital improvement plans that will detail capital projects and needs associated with water and wastewater improvements. The plans will also include estimated capital cost for improvements and list potential funding sources.

Section D. Accounting Policy

1. The City will establish and maintain the accounting systems in accordance with governmental accounting principals accepted in the United States, the Generally Accepted Principles and Standards of the Government Finance Officers Association (GFOA), and the National Committee on Governmental Accounting.
2. An annual audit will be performed by an independent public accounting firm that will issue an official opinion on the annual financial statements, with a management letter detailing areas that need improvement if required.
3. Full disclosure will be provided in the financial statements and bond representations.
4. Financial systems will be maintained to monitor expenditures and revenues on a monthly basis by both City Department Heads and the Finance Director with any adjustments being made prior to the end of the year.

Section E. Debt Policy

1. Capital projects, financed through the issuance of bonds, shall be financed for a period not to exceed the expected useful life of the project.
2. The City will attempt to utilize the lease/purchase of capital equipment if determined to be costs effective.

Section F. General Fund Reserve Policy

1. The City will strive to attain a General Fund Contingency of 5% of the overall General Fund to be used for unanticipated emergencies within the next five years.

Section G. Selection of Finance Consultants

1. Solicitation. If deemed appropriate by the City Commission, the City Manager shall be responsible

for establishing a Request for Proposals (RFP) and selection process for securing professional services that are required to develop and implement the City's debt program. Goals of the solicitation and selection process shall include encouraging participating from qualified service providers at competitive prices. RFPs may include the following types of services: 1) Bond Counsel, 2) Underwriters, 3) Financial Advisors, and; 4) Paying Agents.

Section H. Comprehensive Capital Planning & Financing

1. Debt Financing. It shall be the responsibility of the City Manager, within the context of the City's Capital Plans, to recommend to the City Commission the most advantageous debt instruments for financing capital projects. The City Manager will also oversee and coordinate the timing, process of issuance, and marketing of the City's borrowing and capital funding activities required in support of the Plan.
2. Maintenance, Replacement and Renewal. Consistent with its philosophy of keeping the community's infrastructure in good repair, and to maximize the community's infrastructure's useful life, the City should set aside sufficient current revenues to finance ongoing maintenance needs and to provide reserves for periodic replacement and renewal.
3. Debt Authorization. The City Commission will authorize no debt to be issued for the purpose of funding capital projects unless it has been included in the Capital Improvement Plan or until the Commission has modified the Plan. Such modification shall occur only after the Commission has received a report of the impact of the contemplated borrowing on the City and the community in general. The Commission will also consider the City Manager, or professional consultant's recommendations as to the financing arrangements.

Section I. Limitations on City Indebtedness

1. It will be the policy of the City of Warrenton to apply all *City Charter* debt restriction consistent with all applicable definitions and restrictions established in law (see exhibit A).

Section J. Structure and Term of City Indebtedness

1. Debt Authorization. Nothing in this Fiscal Policy will be construed to limit the City from considering, and utilizing, any and all debt instruments available to municipal governments in Oregon.
2. Debt Repayment. Generally, borrowing by the City should be of a duration that does not exceed the economic life of the improvement that it finances and where feasible should be shorter than the projected economic life. Moreover, to the extent possible, the City should design the repayment of debt so as to recapture rapidly its credit capacity for future use. The City may choose to structure debt repayment so as to wrap around existing obligations or to achieve other financial planning goals. Such alternative structures shall be subject to the recommendations of the City Manager, the Finance Director and the approval of the City Commission.

Section K. Method of Sale - Bonds

1. Competitive Sale. The City, as a matter of policy, shall seek to issue its debt obligations in a

competitive sale unless it is determined by the City Manager that such a sale method will not produce the best results for the City. In such instances where the City, in a competitive bidding for its debt securities (whether general obligation or non-general obligation debt) deems the bids received as unsatisfactory or does not receive bids, it may, at the election of the City Commission, enter into negotiation for sale of the securities.

2. Negotiated Sale. When determined appropriate by the City Manager and approved by the City Commission, the City may elect to sell its debt obligations through a negotiated sale. Such determination may be made on an issue by issue basis, for a series of issues, or for part or all of a specific financing program.
3. Private Placement. When determined appropriate by the City Manager and approved by the City Commission, the City may elect to sell its debt obligations through a private placement or limited public offering. Selection of a placement agent shall be made pursuant to selection procedures developed by the City Manager and consistent with all applicable laws.

Section L. Short-Term Debt & Interim Financing

1. Commercial Lines of Credit. Where their use is judged by the City Manager to be prudent and advantageous to the City, the City has the power to enter into agreements with commercial banks or other financial entities for purposes of acquiring lines of credit. Before entering into any such agreements, the City Commission shall approve any agreements with financial institutions for the acquisition of credit. Lines and letters of credit entered into by the City shall be in support of projects contained in an approved Capital Plan. The City shall not secure lines or letters of credit for the purposes of paying for operations.

Section M. Improvement District and Assessment Contract Financing

1. Interest Rates on Improvement Assessment Loans. The contract interest rate on loans made from the proceeds of improvement Assessment Bonds shall be equal to the effective interest rate paid on the bonds sold to finance such loans plus an additional percentage markup to cover self-insurance and loan servicing costs. The contract interest rate shall be determined on the day of the sale of Improvement Assessment Bonds for those assessment contracts financed with proceeds of the sale.
2. Interim Assessment Contract Interest Rates. The interim assessment contract interest rate is the interest rate set on contracts that precede the sale of Improvement Assessment Bonds. This rate shall be set at a level deemed reasonable and prudent by the City Manager and the Finance Director to insure that funds collected through assessment contract payments are sufficient to meet that portion of future debt service requirements on Improvement Assessment Bonds attributable to such contracts.
3. Commitment to Self-Supporting Local Improvement Districts. Consistent with the concept of the Local Improvement District, all of the City's Local Improvement District's (LID) indebtedness shall be self-supporting. Prior to the issuance of any LID supported debt, the Finance Director will review projected cash flows which incorporate scheduled assessment contract payments, prepayments, delinquencies, and non-payments with the City Manager to ensure that the proposed Bonds shall meet the City's self-support requirement.

Section N. Refunding of City Indebtedness

1. Debt Service Savings - Advance Refunding. The City may issue advance refunding bonds (as defined for federal tax law purposes) when advantageous, legally permissible, prudent, and net present value savings, expressed as a percentage of the par amount of the refunding bonds, equal or exceed 3 percent as provided by law. Exceptions to this requirement shall be made only upon the approval of the City Commission.
2. Debt Service Savings - Current Refunding. The City may issue current refunding bonds (as defined for federal tax law purposes) when advantageous, legally permissible and prudent.
3. Restructuring of Debt. The City may choose to refund outstanding indebtedness when deemed in the best interest of the Community.

This resolution is effective December 1, 2003.

Mayor Jeff Hazen

City Manager

Resolution Number 2032

A Resolution Establishing Budget Development Policies for the City of Warrenton

The City Commission of the City of Warrenton hereby resolves the following:

BUDGET DEVELOPMENT POLICIES

1. **General Fund Budget**

- A. Balanced Operating Budget. The City shall adopt a balanced budget where operating revenues are equal to, or exceed operating expenditures. Any increase in expenses, decreases in revenues, or combination of the two that would result in a budget imbalance will require budget revisions, rather than spending unappropriated surpluses or designated reserves to support ongoing operations. Any year-end operating surpluses will revert to unappropriated balances for use in maintaining reserve levels.
- B. Budget Document. The operating budget shall serve as the annual financial plan for the City. It will serve as the policy documents of the City Commission for implementing goals and objectives. The budget shall provide the staff the resources necessary to accomplish City Commission determined service levels.
- C. General Fund Emphasis. In light of the passage of recent property tax limitations, and the potential need for expenditure reductions, the emphasis should be on conserving General Fund discretionary resources to fund high priority programs. Given this, it is the City's goal to prepare a budget that, to the greatest extent possible, maintains existing high-priority programs supported by the General Fund while at the same time seeking savings wherever possible. If necessary, funding for lower priority programs will be reduced or eliminated to insure that expenditures remain in balance with resources.
- D. Cost Efficiency. The Budget Officer will prepare a fiscally conservative budget and will seek savings wherever a balance between cost efficiency and the quality of public service can be achieved.
- E. Base Budget – New Expenditures. As part of the Budget Officer's budget preparations, all City departments will prepare base budgets with no new regular positions, or other expenditures, unless specifically authorized by the Budget Officer.
- F. Base Budget – Budget Reductions. If anticipated costs exceed anticipated revenues, the Budget Officer will consider reductions in staffing levels, public services and related expenses in accordance to the City's Budget Reduction Strategy (City Resolution 2033). In addition, the Budget Officer will also consider the reorganization of departments, changes in staffing or positions if needed.

- G. Base Budget – Materials & Services. For activities or programs funded primarily from General Fund or other discretionary resources, City departments will prepare base budgets with a goal of holding materials and services expenditures to no more than the previous fiscal year's budget level. The Budget Committee must approve proposed increases in General Fund expenditures.
- H. Accurate Representation of Service Costs. The Citizens of Warrenton have a right to understand the full and undistorted actual costs associated with City services. Consequently, it'll be the policy of the City of Warrenton that all departmental, service and program costs will reside in the fund and department in which the activity occurs and pursuant to Generally Accepted Accounting Principles.
- I. Revenue Estimates. City departments should budget for revenues based on the best information available during the budget process. If additional information becomes available during the budget process, it should be provided to the City Manager. Accuracy in revenue/expenditure estimates is critical. New revenues should be estimated based on available information the first year. Subsequent annual estimates should also take into consideration actual receipts from the previous year.
- J. Pursuit of New Departmental Revenues. The City will pursue revenue sources to the fullest extent possible for all services as well as total cost identification, including indirect costs, for fee setting purposes. To the extent possible any new revenue sources should be used to offset the cost of existing staff and programs, rather than funding new services.
- K. Expenditure Reductions. Reductions in revenues may require expenditure reductions from a base budget level. Should such reductions be required, the City Manager will be guided by the City's adopted Resource Reduction Policy.
- L. Full Cost Recovery. The City will make every effort to assign costs where they occur through the use of interdepartmental/interfund charges and indirect cost assignments. The intent is to clearly define the true cost of City services provided both internally and externally. Recognizing the scale of this effort, the first priority is the recovery of overhead costs from all funds and grant programs.
- M. User Rates. It will be the policy of the City of Warrenton to set utility fees at levels that provide for the actual costs of services, including operating, maintenance and future capital and improvement expenses. When considering user rate structures, the City should always strive to demonstrate the real and actual costs of City services to the public. The City Enterprise Funds shall be supported by their own rates and not subsidized by the general Fund.
- N. Budget Savings During the Year. To the extent General Fund supported departments experience savings during the year (due to position vacancies, etc) that money should not be spent. Instead it should be saved to augment the beginning fund balance for the next fiscal year.

2. **Non-General Fund Budgets**

- A. Bottom – Line Emphasis. For activities or programs funded primarily from non-General Fund sources, City departments will prepare base budgets with a goal of holding any General Fund contribution to no more than the amount provided in the previous fiscal year, subject to the availability of funds. Whenever possible, reductions in General Fund contributions should be sought.
- B. No Backfilling. With possible exceptions for high priority programs, General Fund discretionary dollars will not be used to back-fill any loss in State-shared or federal revenues.
- C. Revenue Estimates. Departments should budget for revenues based on the best information available at the time the budgets are prepared. If additional information becomes available during the budget process, it should be provided to the City Manager. New revenues should be estimated based on available information the first year. Subsequent annual estimates should also take into consideration actual receipts from the previous year.
- D. Accurate Representation of Service Costs. As with General Fund services, the Citizens of Warrenton have a right to understand the full and undistorted actual costs associated with City services. Consequently, it'll be the policy of the City of Warrenton that all departmental, service and program costs will reside in the fund and department in which the activity occurs and where the service and cost has been historically linked.
- E. Overhead/Indirect Cost Allocations. All departments should budget the amount allocated to that department as determined by the Budget Officer and/or any future Indirect Cost Allocation Plan.
- F. Cost Efficiency. As with the General Fund, staff responsible for non-General Fund budgets will prepare fiscally conservative budgets and will seek savings wherever a balance between cost efficiency and the quality of public service can be achieved.

3. **Matching Funds**

- A. City Share. If State funding is reduced for a specific service or project, there should be no increased contribution from non-General Fund sources unless increased City share is mandated or the increase is approved by the City Commission.
- B. In-kind Contribution. Where matching funds are required for grant purposes, the City will provide as much in-kind (resources already allocated by the City that will be expended in any case) contribution as allowed, instead of hard-dollar matches.
- C. General Fund Matching Funds. No General Fund grant cash-match will be included in any grant applications without the prior review and approval of the City Commission.

4. **New Positions Generally**

- A. Considerations of New Positions. Unless otherwise determined by the Budget Committee, the Budget Officer will consider new permanent positions only if the cost of the position is offset by non-General Fund sources or a General Fund operating levy, or if the cost of the position is offset by a new external revenue source. Cost estimates for new positions will include office facility space, benefits, equipment, rent, utilities, supplies, etc. The Budget Committee may add new positions if determined essential for a high priority service and funding can be obtained.

5. **Mid-Year Budget Reductions**

- A. Revised Revenue Estimates. If additional information concerning revenue reductions becomes available after the start of the fiscal year, it may be necessary to make budget adjustments. These adjustments will be made in accordance with the City Commission's adopted Resource Reduction Strategy.

6. **Mid-Year Request, General Fund Contingency**

- A. Non-Emergency Requests. In those cases where a department is required to absorb an unanticipated cost beyond its control of a non-emergency nature, departmental resources must first be exhausted prior to a transfer from General Fund contingencies. Upon conducting a final financial review of departmental budgets towards the end of the year, a transfer from contingency will be made to cover unanticipated costs that could not be absorbed through the year.
- B. Emergency Requests. Emergency requests during the fiscal year will be submitted to the City Manager's office for recommendation and forwarded to the City Commission for consideration.

7. **Employee Salary Adjustments**

- A. Cost of Living Adjustment. Budgeting for personnel service expenditures will include an amount for a cost of living adjustment. The amount budgeted for this purpose will take into account the most recent consumer price index information available at the time the budget is prepared, existing collective bargaining agreements, and other relevant information. Employees may not receive a cost of living adjustment if it's determined that insufficient resources exist to do so.
- B. Step Adjustments. Budgeted personnel services expenditures will include an amount to account for annual step adjustments for all employees who are not currently at the top of their range. Annual employee step adjustments will not exceed 5%.

8. **Budget Controls**

- A. Legal Compliance. The City Manager's Office will continue to review and control

departmental budgets at the expenditure category level (such as personnel services, materials and supplies). As such, the City Manager's approval is necessary before actual or projected year-end expenditures are allowed to exceed total expenditure appropriations for each expenditure category.

9. **Discretionary Resources**

- A. Maximize the City Commission's Discretion. Wherever legally possible, revenues are to be treated as discretionary resources, rather than as dedicated to a particular program or service. The goal is to give the City Commission as much flexibility as possible in allocating resources to local priorities.
- B. Transient Room Tax Revenues. Room tax monies are not legally dedicated to fund particular programs or services and shall be considered purely discretionary resources.
- C. Use of Dedicated Funding Sources. Whenever legally possible, the City will transfer funding responsibility for existing services or activities to the appropriate dedicated funding sources, freeing up scarce discretionary resources as much as possible.

10. **Unappropriated Ending Fund Balances & Contingencies**

- A. Contingencies. Generally, the City should limit the use of contingencies to circumstances where they are required by law or needed for emergencies allow.

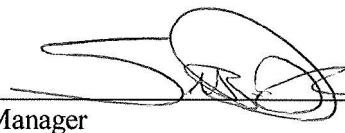

Passed and adopted November 20, 2002.

This resolution is effective December 1, 2002.

Mayor Jeff Hazen

City Manager

Resolution Number 2033

A Resolution Establishing Budget Strategic Plan & Resource Reduction Policy

The City Commission of the City of Warrenton hereby resolves the following:

BUDGET STRATEGIC PLAN

Section I - Guiding Policies & Principles

1. Recognizing its financial limits, and the potential for future decreases in General Fund revenue, the City of Warrenton will make a distinction between three different types of services: 1) those that are appropriately funded primarily from City discretionary resources, such as property taxes, 2) those that are appropriately funded primarily from entrepreneurial activities, and; 3) services designated as special revenues:
 - A. Services are appropriately funded with discretionary resources if they are traditional City services, have historically been funded by discretionary monies, and they are not services which are capable of generating significant revenues from fees or other sources. The City will continue to fund these programs primarily from discretionary resources.
 - B. Services are appropriately funded as enterprise activities if they are not traditional City services funded with discretionary monies or if they are traditional City services, but have the ability to generate significant revenues from fees, the sale of services, or other sources, to be self-sustaining. The City will fund these programs primarily from fees and the sale of services and user fees. Exceptions may be made on a case-by-case basis. The test will be whether or not the City would incur more discretionary costs by failing to provide discretionary support to a Citywide service appropriately funded as an enterprise activity.
 - C. Services are appropriately funded with special revenues if they are not traditional City services historically been funded with discretionary resources or if they are traditional City services, but have the ability to generate revenues and/or receive restricted or dedicated revenues from other sources. The City will fund these programs and services with special revenues. Exceptions may be made on a case-by-case basis. The test will be whether or not the City would incur more discretionary costs by failing to provide discretionary support to a Citywide service appropriately funded with special revenues.
 - D. All other fund types will be budgeted and managed in accordance to Generally Accepted Budgeting/Accounting Principles, State Budget Law and guidelines developed by the Warrenton Budget Committee.
2. The City has prioritized those services appropriately funded by discretionary resources. To the extent additional discretionary resources are available, high priority service areas will be slated for growth in discretionary support. Lower priority service areas will receive constant or decreasing discretionary support. The City's prioritization of services is as follows:

General Fund Priorities

1. Any/All General Fund Debt Obligations
 2. Fire Department
 3. Police Department
 4. Dikes Department
 5. Administration/Commission
 6. Planning Department
 7. Building Department
 8. Municipal Court
 9. Building Maintenance
 10. Parks Department
 11. Fire Apparatus Replacement Fund
 12. Recreation
-
3. Because the City Commission believes that the Citizens of Warrenton have a right to know the actual cost of City services, overhead and indirect costs will not be prioritized, but will be sized to the need and size of the overall organization. Any reduction in the proposed indirect or overhead costs will be matched with a proportionate decrease in program and service costs in the same fund.
 4. The Budget Officer will be responsible for budgeting and calculating the indirect cost and overhead allocations to the City's various departments and funds pursuant to definitions and principals found in Generally Accepted Accounting Principles for local governments. In calculating the General Fund's portion of indirect costs, the Budget Officer will use an allocation methodology based on objective financial information. The indirect cost methodology will be uniformly applied to all Departments and funds.
 5. Generally, wherever possible, the City's goal is to make fee-supported programs self-sufficient. This includes recovering those services fair share of overhead costs, including utilities.
 6. Where legally possible, the City will consider using dedicated resources to fund high priority services/programs related to the purpose for which the dedicated funds are received.

RESOURCE REDUCTION STRATEGY

Section II - General Policies and Principles

1. When faced with a potential reduction in resources, the City's goal is to continue to provide high priority services in a professional, effective and efficient manner. To the extent possible, across-the-board reductions in expenditures will be avoided. Reductions will be made on a case-by-case basis, focusing on each individual program or service.
2. In making expenditure reductions, the goal will be to reduce or eliminate funding for lower priority programs or services before considering funding reductions for higher priority programs. Wherever possible, it will be the City's goal to reduce the quantity of a service being provided, rather than the quality of service (e.g., limit the number of recipients of a service, rather than the quality of service provided to the remaining recipients).

3. Recognizing that it does not necessarily make sense to fund current operations at the expense of long-term capital or planning programs, every effort will be made to continue capital and planning programs geared to the City's short and long term infrastructure and capital needs.

Section III - Resource Reduction Priorities

1. If, as a result of loss of a significant amount of discretionary resources, expenditure reductions become necessary, those reductions will be made roughly in the following order:
 - A. First, City's contributions to outside organizations will be reduced or eliminated. If this proves insufficient, then;
 - B. The Budget officer will propose moderate reductions in discretionary support will be made on a case-by-case basis. These reductions will focus first on programs appropriately funded by discretionary and/or dedicated resources and then low priority services appropriately funded by discretionary resources. If this proves insufficient, then;
 - C. Any discretionary funding for Citywide services will be reduced or eliminated. The Budget Officer will propose exceptions to be made on a case-by-case basis, focusing on those programs that are part of the service delivery system for which the City has primary responsibility. The test will be whether or not the City would incur more costs by failing to provide discretionary support to a Citywide service. If this proves insufficient, then;
 - D. Discretionary funding for programs will be reduced or eliminated, starting with the lowest priority service area and moving on to higher priority service areas as needed and on a case-by-case basis. Depending on the amount of the reduction needed, the City will consider and evaluate those discretionary services that constitute the largest allocation of revenue as areas to seek reductions. City service area priorities are:

General Fund Reduction Priorities

1. Recreation
2. Fire Apparatus Replacement Fund
3. Parks
4. Building Maintenance
5. Municipal Court
6. Building Department
7. Planning
8. Administration/Commission
9. Dikes
10. Police
11. Fire
12. Any/All General Fund Debt obligations

Overhead will be sized to the needs and size of the rest of the organization. If this proves insufficient, then;

- E. A reduced City workweek will be proposed to achieve salary savings. If this proves insufficient, then;

F. The City will consider a reduction in force.

This resolution is effective December 1, 2002.

Mayor Jeff Hazen

Attest:

City Manager

CITY OF WARRENTON

Budget 2025/2026

Organizational Chart

Budget Programs

General Fund

The General Fund accounts for services provided by the local government that is not accounted for in other funds. These major services include, among others, police and fire protection, management of the City's parks, operation of the municipal judicial system, City Administration/Commission/Finance, and Planning.

The General Fund includes all services that are funded through general taxes and fees. In other words, it includes all city programs **except** those that are paid for through dedicated taxes (for example, the motor vehicle tax) or fees (for example, water fees).

Following is a review of the 2025-2026 General Fund and its programs.

Municipal Court

The Warrenton Municipal Court processes traffic infractions and city ordinance violations (other crimes are handled by Clatsop County Circuit Court in Astoria). Court is typically held twice each month.

Administration/Commission/Finance

This department includes all the costs of the City Commission, City Manager, City Recorder/Assistant to the City Manager, Deputy City Recorder, and Finance Department staff.

The administration responsibilities include day-to-day management of the city; converting City Commission goals into action; managing city contracts, franchise agreements and grant projects, responding to citizen inquiries and complaints, working with state and federal elected officials and departments, and managing city records.

The mission of the Finance Department is to provide all proper and necessary accounting, auditing, and financial management services to and for the City. These services include receipting and disbursement of City financial resources (including utilities billing/collection and payroll), sound investment of cash, accurate and timely recording of all financial activity, monitoring compliance with Oregon Local Budget Law, maintaining financial records, accounting for fixed assets, monitoring financial compliance with various Federal, State, and local requirements and dealing with the involved governmental agencies, and providing support to City departments and staff in areas of financial management.

The costs of this department are charged to the various general fund departments as well as the other major funds which include the Community Center, WBL, Library, Building Department, State Tax Street Fund, Warrenton Marina, Hammond Marina, Water Fund, Sewer Fund, Storm Sewer Fund and Sanitation. The general fund resources show 100% of the costs being recovered through these charges. The overhead resources exactly offset the costs in this department with the resulting net effect of the overhead costs being allocated to the general fund departments.

Planning

The Planning Department serves current residents and individuals moving to Warrenton with building and planning services in the belief that a growing community can remain livable, can meet the needs of its citizens and become a diverse community with jobs and housing needs met.

Police

The Warrenton Police Department believes in “community focused policing” and strives to deliver quality personal service to Warrenton residents and people visiting our community. Officers handle criminal investigations, traffic control/enforcement, and school resource functions. This budget consists of nine patrol officers, two sergeants and the chief of police. Support staff consists of one full-time Court Clerk, one full-time Police/Property Evidence Clerk and one part-time Police Clerk. The Police Department is partially funded by a local option levy which is 34 cents per \$1,000 of assessed property valuation.

Fire

The Warrenton Fire Department serves both the City of Warrenton and the Warrenton Rural Fire Protection District. Paid personnel consist of the Fire Chief, Division Chief of Operations and Training, and one Fire Fighter/Lieutenant. Support staff includes one part-time Administrative Assistant. All positions are funded entirely by the General Fund. The Warrenton Fire Department provides a very high level of dedicated service to City residents and businesses. Currently there are approximately 20 volunteer firefighters. Similar services provided by a full-time department would be unaffordable.

Parks

The City maintains seven parks within the City limits. These include the Quincy and Bessie Robinson City Park with baseball fields, tennis courts and playground equipment; Seafarer’s Marina Park, (next to the Hammond Marina); Eben Carruthers Park, with picnic areas, a viewing platform and dog park on the Columbia River; Parade Ground Park in the Old Fort Stevens Officers’ Row; Fort Stevens Park, at Pacific and 7th Drive, Skipanon River Park on Second Street, and the new Forest Rim Parklet. In addition, the City maintains the greenway along Pacific Avenue in the Hammond District.

Contingency

This is used to account for a general operating contingency for the general fund. The City’s fiscal policies state that “the City will strive to attain a General Fund Contingency of at least 5% of the overall General Fund to be used for unanticipated emergencies during the year.

Transfers

The City plans for transfers from the General Fund to other funds when required. For example, the City has reserve funds in which it saves money for the future purchase of equipment, vehicles, and major capital and maintenance needs for buildings and grounds.

Special Revenue Funds

The special revenue fund type is used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

Community Center Fund

The Community Center was built with funds from an Oregon Community Development Block Grant. It provides space for senior congregate meals supported by the Area Agency on Aging. It is also rented to the public for meetings, weddings, receptions and parties. The Center has an advisory board to the commission, while day to day operations are handled by the Center Maintainer. Revenues are from rentals, donations, fund raisers and interest income. Expenditures are for the maintenance of the facility, insurance, utilities and supplies. Excess revenues are reserved in the capital reserve fund.

Warrenton Business License Fund

This fund receives its revenues from the sale of Business Licenses required of all businesses operating within the City of Warrenton. The goal of the WBL Fund is to enhance the economy and livability of the City by providing funds for programs and projects such as nuisance abatement, beautification of the City, grants to Main Street programs for funding of events, festivals and projects, assisting with public safety programs and equipment purchases, and other similar tasks and projects as recommended and approved by the City Commission.

Grant Fund

This fund is used to record grants from a variety of sources. This budget year includes anticipated grants for Police and Fire.

Library Fund

Since May of 2017, the Warrenton Community Library has been located downtown in a rental facility. Much of the library operations is provided by volunteers. The library has an advisory board to the commission. The library has one full-time Librarian who is responsible for coordination of volunteers and day to day operations, one part-time (28 hour) administrative assistant and one part-time (25 hour) library aide. Funding consists of a five year Local Option tax levy which will expire in 2028. The current levy for the library is 33 cents per \$1,000 of assessed property valuation.

Building Division

The Building Division provides comprehensive enforcement of building, plumbing, mechanical, and fire and life safety codes of the State of Oregon. This division ensures that commercial and industrial buildings, residential dwellings, and public buildings such as schools and government buildings are constructed in conformance with all regulatory codes to ensure the continued safety and well-being of all members of the community. This division is funded solely from building permit fees.

Transient Room Tax Fund

The Transient Room Tax was passed to help defray costs of police and first response medical assistance and infrastructure usage by tourists and other short-term visitors to the City of Warrenton, as well as to provide funds for tourist promotion. The tax is currently 12% of gross revenues for all short term (less than 30 days) rental of sleeping and camping space. Based on direction of the City Commission, funds are allocated as follows. Of the total collections, the collector retains 5% to cover costs of collection, and the remaining 95% is remitted to the City. The City then forwards 2% to the Lower Columbia Tourism Council, 5.84% to the Visitors Center, 24.24% to the Hammond Marina Capital Reserve Fund, and the balance of 67.92% is deposited in the General Fund.

State Tax Street Fund

Revenues to this fund are provided by the Oregon State Department of Transportation, State Highway Trust Fund and the City .03 cent fuel tax, as well as various grants. The revenues are paid each month from net receipts collected by the Motor Vehicles Division, Highway Division, and the Motor Carrier Transportation Branch. One percent of all gas tax receipts are set aside for bicycle lanes and pedestrian paths. The City fuel tax is estimated to net approximately \$368,000 this year. The City fuel tax is used to pay for rebuilding and overlaying city streets. The balance of the fund is used for street maintenance and repair, and street lighting.

The City recently completed a pavement management program that determined a schedule of street improvements. In addition, this plan is updated by staff each year. Consideration will be given to street repair as conditions change. Other options to repair streets include system development charges, and local improvement districts.

Quincy Robinson Trust Fund

The Quincy and Bessie Robinson Trust was created to fund the establishment and maintenance of a public park(s). The only guideline is that the park(s) be a place for the preservation of nature and the perpetuation of enjoyment for all people. Each year, the trust distributes the greater of (1) an amount equal to 5 percent of the net fair market value of the trust assets or (2) 85 percent of the net income of the trust.

Capital Projects/Capital Reserve Funds

The capital projects fund type is used to account for the acquisition or construction of major capital facilities. Capital reserve funds serve as saving accounts to accumulate funds for major maintenance and capital projects.

Community Center Capital Reserve Fund

Reserve funds are used to accumulate money for financing the cost of any service, project, property or equipment. This allows the City to set aside money from year to year. This fund accumulates resources from the operational surpluses of the Community Center Fund.

Facilities Maintenance Fund

This reserve fund is used to accumulate money for financing the costs of major maintenance and capital improvements of the Municipal Building, Community Center, Library and Park Facilities. This allows the City to set aside money from year to year to meet future requirements. This fund's resources are transferred from the revenues of the General Fund.

Streets SDC Fund

The City implemented a system development charge in 2012. These charges are used for capital projects and improvements made necessary by the increased usage of the infrastructure caused by development within the community. The current fund balance is \$1,476,581.

Parks SDC Fund

The City implemented a system development charge for Parks in 2013. These charges are used for capital projects and improvements made necessary by the increased usage of the infrastructure caused by development within the community. The current fund balance is \$295,999.

Police Vehicle Replacement Fund

This reserve fund is used to accumulate money for financing the costs of police vehicles and equipment. This allows the City to set aside money from year to year to meet future requirements. This fund's resources are transferred from the revenues of the General Fund. This year two vehicles are proposed for replacement.

Fire Apparatus & Equipment Replacement Fund

This reserve fund is used to accumulate money for financing the costs of fire apparatus and equipment. This allows the City to set aside money from year to year to meet future requirements. This fund's resources are transferred from the revenues of the General Fund.

Tansy Point Dock Capital Reserve Fund

This reserve fund is used to accumulate money for financing the costs of major maintenance and capital improvements to the Tansy Point Dock which is leased to Warrenton Fiber Company. This allows the City to set aside money from year to year to meet future maintenance and capital requirements. This fund's resources are transferred from the revenues of the General Fund.

Enterprise Funds and Related Capital Reserve/Capital Project Funds

The enterprise fund type is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Warrenton Marina Fund

The Warrenton Marina is actually two separate facilities located on the Skipanon River. One services commercial fishing, shrimp and crabbing vessels; the other services sports fishermen. The City provides water and electricity to the moorage slips. Revenue comes from moorage rentals, parking, electricity, hoist services, camping, and land lease rentals. The marina is intended to be self-supporting, including payment of debt service. New marina office facilities and a bathhouse were completed in 2015 and commercial docks were upgraded in 2017 and 2023. These improvements were funded in whole or part from Urban Renewal dollars.

Warrenton Marina Capital Reserve Fund

This reserve fund is used to accumulate money for major maintenance and capital improvements. Funding of the reserve is solely from the operations of the Warrenton Marina.

In the proposed budget the marina will continue to focus on E Dock Pile Replacement as well as replacement of E Dock.

Hammond Marina Fund

Hammond Marina is a sports fishing dock facility located on the Columbia River. The Marina is self-supporting. Revenues are from moorage rentals, electricity usage, dry boat storage, camping and launch ramp fees.

Hammond Marina Capital Reserve Fund

This reserve fund is used to accumulate money for major maintenance and capital improvements. Funding of the reserve is from the operations of the Hammond Marina. The transient room taxes collected by the City and the County also contribute to this fund.

Planned improvements this year include pile replacements, parking lot lighting and the continuation of the marina rebuild project.

Water Fund

The Water Fund is self-supporting through user fees, connection fees and interest income. The Warrenton water system serves approximately 3,600 customers between the City of Gearhart and the Columbia River. The water fund operates, maintains and improves the water treatment, transmission, storage and distribution systems. The treatment system is a membrane filtration system.

Water Fund Capital Reserve

This reserve fund is used to accumulate money for major maintenance and capital improvements. Funding of the reserve is solely from the operations of the Water Fund. A Study to update the capital needs of the Water System was commissioned in 2005. This report reviewed decisions made in the 1998 facilities plan and recommended a capital improvement schedule. In addition, a water hydraulic model was completed in 2011 that listed necessary improvements. Capital improvement projects included in the proposed Budget are based on these reports and the hydraulic model. A water masterplan was also prepared in 2018, identifying additional needed improvements.

Some capital projects have been delayed due to inadequate funds. The rate increases prior to the pandemic were beginning to provide the funds needed to design and construct much needed improvements in our system, but it has and will continue to take multiple years to save enough money for each large project.

Water System Development Fund

The City charges set fees on new construction. These charges are used for capital projects and improvements made necessary by the increased usage of the infrastructure caused by development within the community. These funds can also be used to repay existing debt associated with capacity-increasing improvements. They have been used for that purpose in the past, but are not being proposed for that purpose in the current fiscal year. The current balance in the fund is \$455,181.

Storm Sewer Fund

The Federal Environmental Protection Agency (EPA), through the Oregon State Department of Ecology, has established laws pertaining to storm water runoff and water quality. The intent behind these laws is to reduce the amount of storm water source pollution and to prevent such runoff from entering the sanitary sewer system. The revenue in this fund is based on a 20% surcharge on all sewer billings and is used to expand and improve storm drainage systems.

The dikes protect 3,718 acres of land from the encroachment of the Columbia River and the Pacific Ocean, during high tides and Columbia River flood events. The City is responsible for maintaining 8.83 miles of dikes (levees) and associated tide gates. In 2006 the Federal Emergency Management (FEMA) introduced new Flood Insurance Rate Maps (FIRM) as they relate to our ability to prevent flood damage up to the one percent annual chance of a flood event (100-year flood). As the City Commission is aware, the process to obtain levee certification with the US Army Corps of Engineers is of paramount concern. The City is now working with FEMA to determine the elevations of the one percent annual flood event and expects to have elevations from FEMA in 2020 or beyond. The City is looking for State funds to complete a geotechnical study of its dike system. Funds will likely come in the form of loans and grants. Funding for this certification work has been allocated in the Storm Sewer Fund, along with funds for modifications, if needed. If the City is not able to obtain certification, then most residential owners within 60-70% of the city may be required to pay for flood insurance at a much higher premium cost. Any new homeowners would be required to buy flood insurance as part of the purchase closing. The city adopted the new FIRM in September 2010 and in 2018.

Storm Sewer SDC Fund

The City approved a new system development charge in 2012. These charges are used for capital projects and improvements made necessary by the increased usage of the infrastructure caused by development within the community. The current balance in the fund is \$129,960.

Sewer Fund

The Warrenton Sewer System currently serves approximately 2,100 customers. Revenues in this fund are from user fees, connection fees, and interest income. In 2023 the City approved construction of a new Membrane Bioreactor Treatment Facility and outfall to the Columbia River to replace the current system. A ballot measure was approved by Warrenton voters to fund the GO Bond debt with property taxes. The Proposed Budget recognizes this funding method. Shoreline Sanitary Sewer District connected to our system in 2016 through an intergovernmental agreement.

Sewer Fund Capital Reserve

This reserve fund is used to accumulate money for major maintenance and capital improvements. Funding of the reserve is solely from the operations of the Sewer Fund.

Continuing sewer projects without a rate increase will jeopardize any future improvement projects. The City currently has identified \$2,660,800 in equipment, collection system and pump station projects. Reserves are also being set aside for large future projects. Sewer rate increases allow

the operating fund to continue to make transfers into the Sewer Fund Capital Reserve Fund for capital expenditures. The City recently completed a Capacity Analysis of our existing treatment plant. It has been determined that a major expansion is required and the Commission will be making decisions in the near future about expansion and/or replacement.

Sewer Systems Development Fund

The City charges set fees on new construction. These charges are used for capital projects and improvements made necessary by the increased usage of the infrastructure caused by development within the community. These funds can also be used to repay debt associated with capacity-increasing improvements. They have been used for that purpose in the past but are not budgeted to pay any debt service this fiscal year. The current balance in the fund is \$610,942.

Sanitation Fund

The Sanitation fund provides solid waste collection for residents of Warrenton. The Sanitation Department services over 2,300 residential and commercial customers. Recycling service is contracted and provided by Recology, along with six other agreements.

The program included in the Proposed Budget is based on the City continuing to provide residential and commercial trash collection. Rates have not been increased since 2006, though costs have continued to rise. Increased revenues are needed to continue to provide these services and fund capital projects.

Sanitation Fund Capital Reserve

This reserve fund is used to accumulate money for major maintenance, capital equipment, and major improvements. Funding of the reserve is solely from the operations of the Sanitation Fund. A portion of a service truck and hoist truck are proposed in this year's budget.

Debt Service Funds

The debt service fund type is used to account for the accumulation of resources for and payment of general long-term debt principal and interest.

Wastewater Treatment Facility GO Bond Fund

This bond issue was authorized by a vote of the citizens of Warrenton on November 7, 2006. The amount issued for the construction of the Wastewater Treatment Facility was \$8,079,696 at 2.94% interest. The bonds will be fully repaid on December 1, 2026.

Internal Service Funds

The internal service fund type is used to account for activity that provides goods or services to other funds, departments, or agencies of the primary governments and its component units, or to other governments, on a cost-reimbursement basis.

Engineering Internal Service Fund

This fund is currently used to account for the services of one in-house engineering technician. This position is expected to work mainly on capital projects. The costs associated with the engineer are accumulated here and reimbursed by the appropriate departments and projects.

City Commission Agenda Memo

Meeting Date: June 10, 2025
 From: Dawne Shaw, Recorder
 Subject: Public Hearing and Resolution to Receive State Revenue Sharing Payments

Summary:

State Revenue Sharing Law, ORS 221.770, requires cities to pass an ordinance or resolution each year stating they want to receive state revenue sharing funds. The attached resolution meets state requirements and declares the City's election to receive state revenues for the 2025 – 2026 fiscal year.

In order to receive State Revenue Sharing, the City must hold a public hearing before the Budget Committee (completed May 10) and the City Commission to give the public the opportunity to comment on the proposed use of State Revenue Sharing in relation to the City's budget. The attached worksheet provides State Shared Revenue estimates for FY 2025-2026.

Recommendation/Suggested Motion:

Conduct the public hearing and then adopt Resolution No. 2705.

Suggested Motion: "I move to adopt Resolution No. 2705; A Resolution Declaring the City of Warrenton's Election to Receive State Revenues for Fiscal Year 2025-2026."

Alternative:

None recommended

Fiscal Impact:

\$703,817 in Revenue

Attachments:

(All supporting documentation, i.e., maps, exhibits, etc., must be attached to this memorandum.)

- Resolution No. 2705

Approved by City Manager: 

RESOLUTION NO. 2705

INTRODUCED BY ALL COMMISSIONERS

A RESOLUTION DECLARING THE CITY OF WARRENTON' S
ELECTION TO RECEIVE STATE REVENUES FOR
FISCAL YEAR 2025-2026

WHEREAS, a public hearing before the Budget Committee was held on May 10, 2025, and a public hearing before the City Commission was held on June 10, 2025, giving the public an opportunity to comment on the use of State Revenue Sharing; and

WHEREAS, it is deemed to be in the City's best interest to receive state revenue sharing.

THEREFORE, BE IT RESOLVED, by the City Commission of the City of Warrenton that Pursuant to ORS 221.770, the City of Warrenton hereby elects to receive state revenues for fiscal year 2025-2026.

Passed by the City Commission of the City of Warrenton this 10th day of June 2025.

APPROVED

Henry A. Balensifer III, Mayor

City Commission Agenda Memo

Meeting Date: June 10, 2025
 From: Jessica Barrett, Finance Director
 Subject: Adoption of the 2026-2031 Capital Improvement Program

Summary:

Staff prepares, reviews, updates, and then presents the City of Warrenton Capital Improvement Program annually to the City Commission. The document presented is for the six years ending June 30, 2031. The City Commission reviewed a draft of the Capital Improvement Program in a work session on April 7, 2025 and the Warrenton Budget Committee approved the funding for current year capital projects during the budget meeting on May 10, 2025.

The document can be viewed and/or printed from our website at warrentonoregon.us/finance/page/capital-improvement-program

Recommendation/Suggested Motion:

"I move to adopt the 2026-2031 Capital Improvement Program."

Alternative:

Other action as deemed appropriate.

Fiscal Impact:

This is a financial planning tool and is not governed by Oregon Budget Law. Adoption of this document will facilitate the completion of important infrastructure improvements and equipment purchases to ensure efficient delivery of quality services.

City Commission Agenda Memo

Meeting Date: June 10, 2025
 From: Esther Moberg, City Manager
 Subject: Request regarding Fluoridating City Water on May 2026 voter's ballot

Summary:

The Commission recently approved putting consideration of fluoridating Warrenton water on the fall ballot.

The Clatsop County elections office informed us that if we were to put this on the fall (November 2025) ballot, the City of Warrenton would have to pay for the full cost of the elections, a cost between \$7,000-8,000. They believe if we were to wait for the May ballot, the cost would be split with other jurisdictions who also have items on the ballot. Staff are respectfully requesting that we wait until the May ballot for the Fluoridation in Warrenton Water to be brought to the voters, reducing the cost to the City and the burden on the taxpayers.

Recommendation/Suggested Motion:

I move that the Warrenton City Commission approve putting the question of continuing the fluoridation of the Warrenton City Water on the May 2026 ballot.

Alternative:

Other action as deemed appropriate by the City Commission

Fiscal Impact:

If put on the November ballot, approximately \$7,000-8000. If on the May ballot, the cost will be split among all entities with items on the ballot.

Approved by City Manager: _____

City Commission Agenda Memo

Meeting Date: June 10, 2025
 From: Jessica Barrett, Finance Director
 Subject: Amendment to Audit Services Contract

Summary:

Based on RFP for audit services we have the option to extend the contract for two (2) additional two (2) year terms. When the contract was written, it did not include the verbiage for the extension, as previous contracts have. This Amendment is to allow for the option to extend our professional services contract with Isler CPA for two (2) additional two (2) year terms. In addition, Isler CPA has submitted the proposal for FYE 2025 and FYE 2026, which is attached.

Recommendation/Suggested Motion:

"I move to amend the contract with Isler CPA entered into on the 8th day of March, 2022 to include the option to extend for two (2) additional two (2) year terms."

Alternative:

None recommended

Fiscal Impact:

Proposal for FYE 2025 and FYE 2026 is increasing slightly, as is to be expected.

Attachments:

- Amendment to Audit Services Contract
- Proposal for FYE 2025 and FYE 2026 Audit Services

Approved by City Manager: _____

Amendment to Consulting Agreement

This Amendment to Consulting Agreement is made and entered into as of June 10, 2026 between City of Warrenton and Isler CPA.

Isler CPA provides City of Warrenton with Audit Services as outlined in the 2022 RFP for audit services and was agreed upon in the contract entered into on the 8th day of March, 2022.

The RFP "Contract Term" gives an option to renew for two (2) additional (2) year periods. The original contract inadvertently did not include the extension option but is allowed due to the successfully executed RFP outlining this option.

This Amendment includes the original RFP terminology, allowing the option to renew for two (2) additional (2) year periods.

A proposal for the first two (2) year renewal option is attached. The not-to-exceed fee of \$38,000 and \$41,500 for Fiscal years ending June 30, 2025 and June 30, 2026, respectively plus any single audit fees.

Dear Jessica:

We are pleased to submit this proposal to continue to serve as the independent auditor of the City of Warrenton. We are honored to have this opportunity to continue to serve you.

Isler CPA proposes to continue performing the audits or review of the financial statements of the City of Warrenton and Warrenton Urban Renewal Agency. Also, if necessary an audit in accordance with the requirements of the Single Audit Act. Our estimated fees are as follows:

	For the Year Ended June 30,	
	2025	2026
Audit of City of Warrenton	\$ 38,000	\$ 41,500
Drafting of the financial statements	5,000	5,500
Single Audit (amount per major program)	7,000	7,700
Warrenton urban Renewal (audit)	11,000	12,000

Sincerely,

Paul R. Nielson

City Commission Agenda Memo

Meeting Date: June 10th, 2025
 From: Kevin Gorman, Public Works Director
 Subject: Change Order No. 1 – Raw Waterline Replacement RP-2 Project – Engineering Professional Services Contract

Summary:

Staff requests approval of Change Order No. 1 to the professional services contract for the Raw Waterline Replacement RP-2 Project. The original contract scope assumed the same regulatory process as the RP-1 project. However, during the Department of State Lands (DSL) review of the Joint Permit Application (JPA), the project was reclassified, triggering additional data requirements and coordination. This change order includes:

1. **Joint Permit Application Revision** – DSL required more detail than anticipated, resulting in additional labor, primarily by MB&G.
2. **Easement Assistance** – At the City's request, the consultant prepared easement exhibits and provided coordination with L&C Timberlands, which was not originally scoped.
3. **Construction Phase Environmental Support** – The DSL permit includes new conditions not required in RP-1, including fish salvage at two stream crossings and a post-construction wetland delineation to be performed two growing seasons after construction (anticipated Spring 2027).

Recommendation/Suggested Motion:

"I move to approve Change Order #1- Raw Waterline Replacement RP-2 Engineering Professional Services Contract, increasing the not-to-exceed contract amount from \$396,092 to \$445,602."

Alternative:

Other action as deemed appropriate by the City Commission
OR
 None recommended

Fiscal Impact:

Sufficient funding is available in the FY 2024–2025 adopted budget under the Raw Waterline Replacement RP-2 project. No additional fiscal impact is anticipated beyond the approved budget.

Attachments:

AMENDMENT NO. 1

SCOPE OF WORK

RAW WATERLINE REPLACEMENT PROJECT RP-2

CITY OF WARRENTON

Project Understanding and Assumptions

In June 2023, the City of Warrenton (City) executed a Contract for Professional Consulting Services with Consor (Consultant) for Design, Bid, and Construction Phase Services for the Raw Waterline Replacement Project RP-2. During the performance of Design Phase Services, the following items were identified as additional activities that were not included in the original Scope of Work:

- *Wetlands and Waters Permitting* – The Scope of Work for the Joint Permit Application (JPA) for the Project was based on the previous permitting process/experience with the Raw Waterline Replacement Project RP-1. However, DSL’s review comments of the RP-2 JPA yielded more stringent regulatory interpretation than that of the RP-1 project, requiring much more content and detail. The **Activity 3.4** amendment supports the additional labor and cost for preparing a revised RP-2 JPA.
- *Easement Assistance* – The Scope of Work did not include any easement-related services. The new **Activity 3.6** provides easement support to the City.
- *Construction Phase Services, Environmental Support* – The Scope of Work did not include any construction phase services for environmental tasks. The new **Activities 7.9 and 7.10** provide various professional support services arising from conditions contained in the DSL permit.

The Consultant has prepared this Contract Amendment No 1 for the City’s approval.

Scope of Services

Consultant will perform the following amended services. Unless otherwise indicated, the original Scope of Work Task Deliverables and Assumptions are unchanged and apply to the amended services.

Task 3 – Permitting Support

3.4 *Wetlands and Waters Permitting*

Based on the received DSL review comments of the previously submitted JPA, the Consultant’s project team partner, Mason, Bruce & Girard (MB&G), shall revise the JPA to incorporate comments and directives from the DSL.

3.6 Easement Assistance

The City requests the Consultant's assistance related to preparing temporary construction and permanent easements for the Project. Specific tasks may include identifying easement areas, preparing exhibits and coordination with property owners.

Task Deliverables

- For Activity 3.4:
 - Electronic (PDF) copies of the draft and final revised JPA.
- For Activity 3.6:
 - PDF copies of requested exhibit(s).

Assumptions

- For Activity 3.6:
 - Preparation of property surveys, deed descriptions and legal instruments are not included in the Consultant's scope of work.

Task 7 – Construction Phase Services

7.9 Scientific Taking Permit/ Aquatic Species Salvage and Reporting

The project will entail open trenching through two water courses that may support fish and other aquatic species at the time of construction. MB&G will apply for and procure a Scientific Taking Permit (STP) from the Oregon Department of Fish and Wildlife (ODFW) to authorize the aquatic species salvage (fish salvage). MB&G will coordinate with ODFW regarding the project and any other information needs for permit issuance.

Temporary in-water isolation structures will be placed in two channels to isolate the in-water work areas. Aquatic species capture and relocation measures will therefore be required so that project-related impacts on aquatic resources are minimized. It is expected that one isolation area at each crossing (total of two isolation areas) will be constructed to complete all necessary in-water work.

MB&G will complete the fish salvage operations in accordance with ODFW and National Marine Fisheries Service (NMFS) guidance and regulations. Following the completion of fish salvage operations for the project, MB&G shall prepare and submit the required online fish salvage summary report to close out the ODFW STP.

MB&G will conduct a post-construction site visit to assess project compliance with the Oregon Department of State Lands (DSL) Removal-Fill Permit. MB&G will also prepare a restoration as-built report which will document how the project was constructed in the context of the permit terms and conditions.

A post-construction report demonstrating as-built conditions and discussing any variation from the approved plan must be provided to DSL within 90 days of required revegetation, which shall occur during the fall, winter, or spring immediately following the completion of grading within the required planting areas. The post-construction report must include:

- A scaled drawing, accurate to 1-foot elevation, clearly showing the following:

- Finished contours of the site.
 - Current tax lot and right-of-way boundaries.
 - Photo point locations.
 - Permanently and temporarily impacted and rectified waterway boundaries identified separately, with square foot listed.
- Photos from fixed photo points. This should clearly show the site conditions.
 - A narrative that describes any deviation from the approved plan.

7.10 Post-Construction Wetland Delineation Light and Reporting

The project will incur temporary impacts to Wetland F. MB&G will perform a wetland delineation light to confirm that project construction did not affect wetland conditions (e.g., the waterline installation did not drain local hydrology). The report will adhere to the requirements and criteria of the 2024 DSL Removal-Fill Guide. The wetland delineation light consists of the following:

- **Sample plots:** Paired plots will be located along all topographic boundary lines, plus additional plot pairs on any high points in the topography or areas where water enters or leaves the site at a higher or lower contour. Areas of altered soil need not meet hydric soil field indicators—because these features may take years to develop—but they may still meet the definition of a hydric soil if indicators of hydrophytic vegetation and wetland hydrology are present. MB&G will use the Western Mountains, Valleys and Coast regional supplement to the 1987 Corps Manual.
- **Map requirements:** The map should include the tax lot lines, study area boundary, as-built topography, and wetland boundaries for each habitat type. Wetland boundaries and plot location mapping precision should be one meter (3.3 feet).
- **Timing:** Delineation plot data should be collected no later than the second growing season post-construction. The data shall be collected during the spring of a year when precipitation has been near normal, and vegetation has been established.

Task Deliverables

- For Activity 7.9:
 - MB&G will prepare and submit to ODFW by December 31, 2025, an electronic online fish salvage summary report documenting the results of the fish salvage effort. The electronic online fish salvage report shall be prepared in the ODFW electronic on-line format.
 - Draft and final restoration as-built monitoring reports.
- For Activity 7.10:
 - Draft and final wetland delineation light report.

Assumptions

- For Activity 7.9:

- The salvage effort will be conducted during the ODFW-approved in-water work period from July 1 to September 15.
 - The STP application process and coordination with ODFW will not include an in-water work window extension request.
 - ODFW will not require an STP review fee.
 - The construction contractor will use appropriate and effective isolation measures, and the isolation measures will be in place when biologists arrive to perform the fish salvage.
 - There will be no on-site meetings requiring MB&G's attendance prior to the fish salvage effort.
 - MB&G will be given at least ten (10) working days before the need for the fish salvage effort.
 - Two (2) MB&G biologists shall conduct a one-day fish salvage effort at Waters 1 and a one-day fish salvage effort at Waters 2. A third day is also being scoped for travel and mobilization/demobilization.
 - One MB&G biologist will complete the post-construction as-built monitoring.
- For **Activity 7.10**:
- The delineation light will occur during the early spring of 2027, which is the second growing season following 2025 construction.
 - The fieldwork will require one 8-hour day for two biologists (16 hours total).
 - The City or Professional Land Surveyor (PLS) representative will survey the flag locations of MB&G's sample plots and wetland boundaries.
 - The DSL will not require a review fee for the wetland delineation light report.

Budget

The Scope of Services outlined in Amendment No. 1 will be performed on a time and expense basis with a total not to exceed amount of \$49,510. The revised total for all Services is \$445,602 (Original Contract [\$396,092] + Amendment No. 1 [\$49,510]).

Project Schedule

The updated project schedule is shown in **Table 1**.

AGENDA MEMORANDUM

TO: The Warrenton City Commission
 FROM: Esther Moberg, City Manager
 DATE: June 10, 2025
 SUBJ: One Year Addendum to Porter Wright Professional Services Contract

SUMMARY

Lobbyists Porter Wright Morris Arthur LLP, who have been lobbying and applying for grants on behalf of the City of Warrenton at the federal level since 2024, still have work to do on behalf of the City of Warrenton in lobbying for federal dollars for funding our Wastewater Treatment plant. In review, the City manager is requesting a 1 year extension with a not to exceed amount of \$50,000 and the option to extend further (beyond May 2026) if needed at that time. If the additional second year of extension is needed, it would come back to the Commission for approval at that time.

RECOMMENDATION/SUGGESTED MOTION

Recommendation or suggested motion goes here. If a motion, wording should be

I move to approve the addendum to Porter Wright Morris & Arthur LLP Professional Services Contract, extending one year, with a not to exceed amount of \$50,000.

ALTERNATIVE

- 1) Other action as deemed appropriate by the City Commission
- 2) None recommended

FISCAL IMPACT

\$50,000 from professional services budget.

Amendment to Lobbyist Contract

This Amendment to Consulting Agreement is made and entered into as of June 10, 2025, Between City of Warrenton and Porter Wright Morris & Arthur LLP

Lobbyists Porter Wright Morris & Arthur LLP have provided lobbying services since 2024 on behalf of the City of Warrenton lobbying for funds toward the wastewater treatment plant at the federal level. It is determined that the City of Warrenton would like to extend this Contract one more year, with the option as needed to do a final year in 2026 should it be determined to be needed at that time. For the May 2025-May 2026 contract Amendment, the not to exceed amount will be \$50,000.

The not-to-exceed is in the amount of \$50,000 for this contract amendment of May 2025-May 2026.

Should a further extension be desired, upon agreement with the lobbyist, a final amendment shall be added to the contract in 2026.

City Commission Agenda Memo

Meeting Date: June 10th, 2025
From: Kevin Gorman, Public Works Director
Subject: Resolution No. 2701 - Water Rates Adjustment

Summary:

The Budget Committee approved a 4% water rate increase for Fiscal Year 2025-2026. The attached resolution reflects this increase and the resulting changes to Exhibits A and B.

Recommendation/Suggested Motion:

"I move to adopt Resolution No. 2701; Adopting Water Department Rates and Fees, Establishing July 1, 2025, as the Effective Date, and Repealing All Other Resolutions in Conflict."

Alternative:

None recommended

Fiscal Impact:

A 4% rate increase is expected to increase water fund revenues by approximately \$179,289 for fiscal year ending June 30, 2026.

Attachments:

- Resolution No. 2701
- Exhibit A – Monthly Water Service Rates
- Exhibit B – Water Department Installation and Administrative Fees

Approved by City Manager: _____

RESOLUTION NO. 2701
Introduced by All Commissioners

**ADOPTING WATER DEPARTMENT RATES AND FEES;
ESTABLISHING JULY 1, 2025, AS THE EFFECTIVE DATE,
AND REPEALING ALL OTHER RESOLUTION IN CONFLICT**

WHEREAS, the City of Warrenton Water Department operates as an enterprise fund, requiring that revenues fully cover operating expenses, capital needs, and debt service;

WHEREAS, the City of Warrenton must update its water rates to reflect increasing operational costs, capital improvements, and debt service obligations; and

WHEREAS, the Warrenton Budget Committee has approved a 4% increase in water rates as part of the Fiscal Year 2025-2026 budget process; and

NOW THEREFORE, The City Commission of the City of Warrenton resolves as follows:

Section 1: The Warrenton City Commission hereby adopts the attached schedule of water rates, listed in Exhibit A for all customers of the municipal water service.

Section 2. The Warrenton City Commission hereby adopts the attached schedule of installation and administrative fees, listed in Exhibit B, for all customers of the municipal water service.

Section 3. Any fees, charges, taxes, or penalties established by this resolution are hereby determined by the Warrenton City Commission to not be subject to the limitations of Section 11b, Article XI of the Oregon Constitution, and are adopted in accordance with ORS 310.145, Sections 1(b)(e) and 2.

Section 4. This resolution shall take effect July 1, 2025.

First reading: May 27, 2025

Second reading: June 10, 2025

ADOPTED by the City Commission of the City of Warrenton this 10th day of June 2025.

City Commission Agenda Memo

Meeting Date: June 10th, 2025
From: Kevin Gorman, Public Works Director
Subject: Resolution No. 2702 - Sewer Rate Adjustment

Summary:

The Budget Committee approved a 8% sewer rate increase for Fiscal Year 2025-2026. The attached resolution reflects this increase and the resulting changes to Exhibit A.

Recommendation/Suggested Motion:

"I move to adopt Resolution No. 2702; Adopting Sewer Department Monthly Rates, Establishing July 1, 2025, as the Effective Date, and Repealing All Other Resolutions in Conflict."

Alternative:

None recommended

Fiscal Impact:

A 8% rate increase is expected to increase sewer fund revenues by approximately \$261,417 for the fiscal year ending June 30, 2026.

Attachments:

- Resolution No. 2702
- Exhibit A – Monthly Sewer Service Rates

Approved by City Manager: _____

A handwritten signature in blue ink, appearing to read "Esther Meloy", written over a horizontal line.

RESOLUTION NO. 2702
Introduced by All Commissioners

**ADOPTING SEWER DEPARTMENT MONTHLY RATES;
ESTABLISHING JULY 1, 2025, AS THE EFFECTIVE DATE;
AND REPEALING ALL OTHER RESOLUTIONS IN CONFLICT**

WHEREAS, the City of Warrenton Sanitary Sewer Department is an enterprise fund and revenues must pay expenses; and

WHEREAS, the City of Warrenton provides sewer services to customers both inside and outside (Shoreline Sanitary district) its city limits; and

WHEREAS, the City of Warrenton needs to update its sewer rates to keep up with increasing costs and debt service; and

WHEREAS, the Warrenton Budget Committee approved a 8% Sewer Department Monthly Rate Increase during its Fiscal Year 2025-2026 Budget Process.

NOW THEREFORE, The City Commission of the City of Warrenton resolves as follows:

Section 1: The Warrenton City Commission hereby adopts the attached schedule of monthly sewer rates, listed in Exhibit A for all users of its municipal sewer service.

Section 2: This resolution shall take effect July 1, 2025.

First reading: May 27, 2025

Second reading: June 10, 2025

ADOPTED by the City Commission of the City of Warrenton this 10th day of June 2025.

City Commission Agenda Memo

Meeting Date: June 10th, 2025
From: Kevin Gorman, Public Works Director
Subject: Resolution No. 2703 - Recycling Rate Adjustment

Summary:

Recology Western Oregon, the City's franchised residential recycling service provider, has notified the City of a 2.10% annual rate adjustment in accordance with the terms of the franchise agreement. The proposed increase is based on operational cost increases and CPI adjustments affecting Recology's service area.

The City's Sanitation Fund operates as an enterprise fund, which requires that user fees fully cover the cost of service. The rate adjustment ensures that the City can continue to meet its contractual obligations with Recology and maintain financial stability in the fund.

Recommendation/Suggested Motion:

"I move to adopt Resolution No. 2703; Adopting New Rates and for Residential Recycling Services, Establishing July 1, 2025, as the Effective Date, and Repealing All Other Resolutions in Conflict."

Alternative:

None recommended

Fiscal Impact:

If rates are not adjusted, the City will not fully recover the cost of recycling services billed by Recology Western Oregon. The Sanitation Fund would be required to absorb the shortfall. The 2.10% increase ensures the City continues to break even on pass-through costs for residential recycling pickup.

Attachments:

- Resolution No. 2703
- Recology Western Oregon - Summary Rate Sheet

Approved by City Manager: 

RESOLUTION NO. 2703
Introduced by All Commissioners

**ADOPTING NEW RATES FOR RESIDENTIAL RECYCLING
SERVICES; ESTABLISHING JULY 1, 2025, AS THE EFFECTIVE
DATE; AND REPEALING ALL OTHER RESOLUTIONS IN
CONFLICT**

WHEREAS, Recology Western Oregon, the City's Residential Recycling Service Provider, is instituting an increase in the residential recycling service rates in the City of Warrenton; and

WHEREAS, the increase requires an adjustment in user rates to meet City of Warrenton recycling expenses in the City's Sanitation Fund; and

WHEREAS, the City of Warrenton Sanitation Department is an enterprise fund and revenues must pay expenses;

NOW THEREFORE, BE IT RESOLVED that the Warrenton City Commission does hereby adopt the following as its Residential Recycling Rates for the City of Warrenton:

Section 1: The Warrenton City Commission hereby adopts a rate increase for Residential Recycling as listed in Exhibit A for all users of its recycling service.

Section 2. The rate increase will be 2.10%, from \$9.37 to \$9.57 monthly for Residential Recycling Services every other week.

Section 3. This resolution shall take effect July 1, 2025.
