

YOUR COMMENTS ARE WELCOME AND NEEDED!

Please let us know what you think about our plans, in the spaces below.

If you would like a response to a question or comment, please provide your contact information at the end of this form.

How important is this project to you? Please check one of the boxes below.

- = Not very important
- = Somewhat important
- = Build this as soon as you can!

What features would you like to change?

What features do you want to make sure we keep?

Because of unforeseen design issues and high inflation rates for construction materials, the current cost estimate for the project exceeds the grant we have received by as much as \$250,000. The City would need to make up the difference. What would you prefer we do? Please check one of the boxes below or provide your own in the space provided.

- Request the City Commissioners find the budget to cover the increased cost.
- Just do the west sidewalk with an enhanced crossing Main at 10th Place and not do the east walkway (saves \$140,000 to \$160,000).
- Bid the east side walkway as an "alternate" hoping for favorable bids.
- Delay part or all of the project hoping materials costs will come down, which may be next year.
- Other option:

If you want someone to respond to your questions or comments, please provide your contact information below (Name, phone number and best time of day to call, or email address)
