*Contractor service installation requires pre-approval	* Subdivision: Infrastructure in place per City of Warrenton Engineering Design Standards
Does the site have a well?: <input type="checkbox"/> Yes <input type="checkbox"/> No	** Contact Public Works for site inspection of Full-Service infrastructure

I have completed this application for a City of Warrenton water right truthfully.

I understand that no service connection will be scheduled until all payments have been made in full and all required paperwork has been completed for Utility Billing.

I understand that a meter installation where all the infrastructure is in place will be completed within 3 business days whenever possible.

I understand that a full-service connection to City of Warrenton water will be made as soon as possible and whenever possible within 30 business days once all connection fees are paid. The City will notify the Owner/Contractor of the connection date if requested.

Please notify the ☐ Owner ☐ Contractor
