Customer Service & Recycling Guide

Coastal Oregon

Artist Residency Program

The Coastal Oregon Artist Residency (COAR) Program is a partnership between Recology Western Oregon and Astoria Visual Arts (AVA), a non-profit membership organization to enhance, strengthen, and promote the arts in Greater Astoria. The program seeks to support the creation of art from recycled, repurposed, and discarded materials recovered from Recology's Astoria Recycling Depot and Transfer Station.

While the 2020 COAR Program has been postponed due to Covid-19, visit www.Recology.com/Recology-Western-Oregon to enjoy past projects.

Collection Services

Recology provides residential curbside collection of recyclable materials through a contract with the City of Warrenton. Please direct questions about recycling services to Recology at 503.861.0578, and questions about in-City garbage service to the City of Warrenton at 503.861.2233.

Collection Set Out Time

For curbside service, set your cart out by **7am on your collection day (or the night before)**. Your actual service time may vary from week to week. You must bring your cart back in by the end of the day on your collection day. This includes sidewalks, driveways, and roadside locations.

Weight Limits

90-gallon cart 150 lbs

Curbside Placement

Please place your carts within 4ft of the curb or road's edge and 4ft from other carts and obstacles, such as cars, trees, basketball hoops and mailboxes.

Missed Collection

If Recology missed collection of your recycling cart, call 503.861.0578 and they will take care of it as soon as possible.

What's My Recycling Collection Schedule?

The recycling service calendar can be found in this guide.

Holiday Service

On most holidays, Recology operates as usual. Recology does not collect on Thanksgiving and Christmas day. During those times, service is delayed by one day for the remainder of the week. For example, in 2020 Christmas falls on a Friday. Normal Friday customers will be collected on Saturday, no other customers are affected.

Preparing for a Storm

Be Prepared for All Types of Weather

1. Recyclables should be placed loose in your cart, but can be secured inside larger boxes or paper bags.
2. Do not overload your cart. If the lid is partially open, it will blow open in strong winds.
3. Do not put your cart out overnight if the forecast calls for windy and/or stormy weather. **However, carts do need to be out by 7am on collection day and removed from the street the same day.**

Secure Your Lid

Place a rock or another large object on top of the cart.

Please no bungee cords—serious injuries can occur!

Wind Latch

Warrenton customers have wind latches included with their service. All carts have numbers assigned to specific addresses. Please make a note of your cart number.

Business Services

Recology offers waste audits and other services at no charge to commercial customers, including help with enclosure design, container size, collection frequency, and finding the recycling services that work best for you.

Temporary Boxes

The City of Warrenton offers 1.5, 2 and 3 cubic yard dumpsters for temporary use to dispose of trash. The City does not accept hazardous materials and the lids must be closed for pick up.

Recology offers temporary debris boxes from 10 to 30 cubic yards. If you are planning a remodel of a home built before 2004, you may need an asbestos survey before we can deliver a box to you. Call for more information and proper disposal options.

Spring Clean-Up

Residents of the City of Warrenton with in-City garbage service can dispose of extra trash during this annual clean-up event.

WHEN

TBD

WHERE

Astoria Transfer Station
1790 Williamsport Road, Astoria OR

ADDITIONAL DETAILS

Residents pay a fee per vehicle, per trip to participate. Additional fees apply for tires, appliances, refrigerators and freezers (must be empty).

No hazardous waste, medical waste or business waste accepted.

A current City of Warrenton utility bill showing billing for in-city garbage service, and Photo ID are required to participate in this event.

Reduce, Reuse and Recycle Right!

Why Recycle?

1. Saves water, energy and other natural resources like trees, minerals, natural gas and oil.
2. Reduces the amount of waste sent to landfills.
3. Prevents pollution by reducing the need to collect new raw materials.
4. Helps create jobs in recycling and manufacturing.

Waste Reduction and Reuse are even better than Recycling!

When you choose to reduce and reuse, less material, energy, and natural resources are used in the product's lifecycle. You also avoid the emissions from the extraction, processing and transport of new goods. With the power of Reuse, Reduce and Repair, the impacts for our environment are out of this world!

OUR TOP 10 REDUCTION TIPS

1. Carry a reusable water bottle and refill it often!
2. Take your own mug to the coffee shop.
3. Carry canvas bags when grocery shopping.
4. Buy loose fruits and vegetables.
5. Choose reusable containers to store food and for packing lunches.
6. Refuse single-use plastics when possible.
7. Buy in bulk to eliminate packaging.
8. Shop at stores that re-sell clothing, furniture, appliances and tools.
9. Use cloth napkins instead of paper ones.
10. Try to repair broken items before replacing them.

Home Composting

Composting your yard trimmings and kitchen scraps is a great way to help your plants and reduce the amount of waste you generate.

START A HOME COMPOSTING SYSTEM!

1. Build or buy a compost bin, or just make a pile.
2. Mix two parts greens (grass, leaves and flowers) to one part browns (dry leaves, sticks, and twigs)
3. Some kitchen scraps are acceptable (vegetable and fruit peels, eggshells, coffee grounds). No meat or dairy products—these can attract rodents, flies and cause bad odors.
4. Turn and water regularly; keep your pile moist (like a damp sponge), and move the material around using a pitchfork or shovel.

WHY USE COMPOST?

Compost increases water retention, decreases the need for chemical fertilizers and pesticides, and helps keep a useful resource from going to waste!

Yard Debris Recycling

All residents with in-City garbage service can bring their clean yard trimmings to the Astoria Transfer Station at no charge. The City is billed for this material. Customers must have a valid yard debris cling on their windshield. Clings are mailed once a year.

All non-residential yard debris must be paid by the customer and is charged by the cubic yard.

RECYCLE

FOLLOW 3 SIMPLE RULES:

EMPTY CLEAN & DRY!

- Empty any residual food or liquid.
- Clean the product by quickly rinsing or scraping off debris.
- Shake the container to remove moisture before tossing in your recycling cart.
- Do not use plastic bags; paper bags or boxes are OK.
- No items smaller than a tennis ball.
- Remove all lids.

Place mixed recycling loose in the **red-lid recycling cart.**

PAPER & CARDBOARD

PLASTIC

METAL

GARBAGE

Remember to place your disposable coffee pods in the garbage

DEPOT

Recycling Depot

Astoria Transfer Station

1790 Williamsport Road

Monday–Saturday, 8am–5pm

- Electronics: Computers, monitors, laptops, etc.
- Glass Bottles and Jars
No glass dishware or drinking glasses
- Yard Waste: Grass, leaves, branches and flowers
No dirt, sod or stumps
- Motor Oil: Place oil in a see through plastic jug with a tight fitting lid

TOP CONTAMINANTS

- Glass bottles can be brought to a local depot.
- Electronics can be dropped off at the Astoria Transfer Station.
- Plastic bags can be taken to some local grocery stores.
- Plastic clamshells, takeout containers, coffee pods and diapers go in the trash.

Commingled Recycling

Collection occurs on yellow weeks.

Holiday Collection

Recology does not collect on Thanksgiving or Christmas. Collection will occur one day late after the missed holiday.

Ewaste

Oregon E-Cycles is a free recycling program for computers, TVs and monitors. The program is funded by manufacturers, with oversight from Oregon DEQ. Drop off items at the Astoria Transfer Station.

For large quantities, call ahead to make an appointment. TVs, computers, monitors and laptops are prohibited from the landfill. Please do not place them in the trash.

Household Hazardous Waste

Cleaning products, paints, and other chemicals can be dangerous if not properly disposed.

CLATSOP COUNTY'S HHW FACILITY

1780 Williamsport Road, Astoria, OR
Next to the Astoria Transfer Station

Contact Clatsop County to learn more. Call 503.325.9302, visit their website at www.co.Clatsop.or.us/PublicHealth, or email Health@co.clatsop.or.us.

Medical Waste

Medical waste and sharps (e.g. needles, syringes) cannot be thrown out with the regular garbage. Recology offers safe, efficient disposal using approved containers—contact us for more information and pricing.

Paint Recycling

All paint sold in Oregon includes a surcharge to fund a collection and recycling program. Visit www.PaintCare.org for details. You can drop off latex and oil-based paints at one of these locations:

CITY LUMBER CO.

2142 Commercial St.
Astoria, OR 97103
503.325.4511

SHERWIN-WILLIAMS

3527 Highway 101 N
Gearhart, OR 97138
503.738.6751
