

## REQUEST FOR ADJUSTMENT DUE TO A LEAK

The City of Warrenton has a policy of issuing partial credits for leaks that are repaired in a timely manner. The City expects leaks to be repaired within ten days of discovery. Credits are based on your average usage for the previous year.

Leak adjustments can not be processed until your water consumption has returned to a normal level based on your pre-leak consumption. You are required to keep your account current while you are waiting for an adjustment to be processed. Failure to keep your account current can result in past due penalties and service discontinuation.
